Thank Goodness for the Clean Team

You forwarded this message on 5/3/2018 4:34 PM.

Hi,

On a day that was shocking and even scary for downtown businesses, it was so amazing to have the Clean Team (and the Ambassadors) on the job to help rectify the damage done last night. In previous years, the City has struggled to assist people directly affected by this type of vandalism. To have a resource that is ready and dedicated to making things right is really a good representation of our mission and our commitment to the community.

I've told them thank you in person, but thought it was worth doing something a bit more official.

City of Olympia employees are amazing! When I came into work yesterday the crews told me of the damage that occurred the night before. After hearing about how extensive the vandalism was, I drove downtown to see it for myself. When I turned onto Columbia St. from State Ave. I saw Mark, Tate and Kathryn working to clean off graffiti off Jack's Shoe Repair. I stopped and offered to help. I then asked Mark if he would like me to call more Firefighters to assist and he said yes. I then called our on-duty BC JD Young and he brought Engine 1, Truck 1 and Aid Unit 1 downtown to help. Our crews received supplies from the Clean Team and went to work.

In the future, please feel free to call us directly. We are happy to work side by side with the Ambassadors and the Clean Team when there has been widespread vandalism downtown.
