

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

In this third year of the 2023-2027 Consolidated Plan, the City continues to prioritize funding activities with the highest needs according to the data and outreach collected during the Consolidated Plan update process. The City's CDBG Program Annual Action Plan features a range of activities, each intended to respond to the City's needs through economic development, housing support, and public services to support low- and moderate-income populations. The City has placed a special emphasis on supporting the needs of our community through committing the majority of our funding to housing preservation activities. The PY2025 proposed projects are as follows:

Rebuilding Together Thurston County	Critical Home Repair	\$60,000
Enterprise for Equity	Microenterprise Assistance	\$50,300
Interfaith Works	Sandy's Flats - Rehab	\$24,570
Interfaith Works	Sergio's Day Center Support	\$12,500
Together!	Host Homes	\$12,500
Mercy Housing Northwest	Resident Services at Evergreen Vista	\$12,500
Senior Services for South Sound	Home Share Program	\$12,500
SPSHFH	Critical Home Repair	\$40,000
SPSHFH	Energize Thurston	\$48,397
City of Olympia	Planning and Admin	\$68,316

Table 1 - Program Year 2025 Activities

Description of Projects

Rebuilding Together Thurston County (\$60,000) – Funding will support their critical home repair program.

Enterprise for Equity (\$50,300) – Funding will support for their Microbusiness Development Program.

Interfaith Works (Sandy's Flats, \$24,570) – Funding will support the installation of a security fence at the permanent supportive housing, Sandy's Flats.

Interfaith Works (Sergio's, \$12,500) – This public service funding will support the services available at the daytime resource center, Sergio's.

Together! (\$12,500) – This public service activity, Host Homes, will support safe housing for unaccompanied youth in Olympia.

Mercy Housing Northwest (\$12,500)– Funding recommended will support the public service activity Resident Services at Evergreen Vista.

Senior Services for South Sound (\$12,500) – Funding will support the Home Share Program a match-making service, where home providers who have an extra room in their home are matched with home seekers needing affordable housing.

South Puget Sound Habitat for Humanity (Critical Home Repair, \$40,000) – Funding is recommended for the Critical Home Repair program.

South Puget Sound Habitat for Humanity (Energize Thurston, \$48,397)*– Funding will go towards the fully subsidized installation of energy efficient heat pumps for low-income Olympia homeowners.

Planning and Administration Costs (City, \$68,316) – Costs for City staff salary and benefits for administering the CDBG program

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

CDBG funding for PY25 activities is estimated to achieve the following accomplishments:

- Rehabilitation of 11 to 18 single family homes for low- and moderate-income homeowners
- Security improvements benefiting 26 apartment units
- 40 small businesses receiving technical assistance
- 1,600 individuals to receive benefits from public services

In accordance with the priorities identified in the Consolidated Plan, the majority of our programmatic funding available is being recommended for activities related to the creation and preservation of affordable housing. Additionally, all four recommended public services are housing or homelessness related activities.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City's CDBG program has made great strides to meet goals set up in past Annual Action Plans and Consolidated Plans.

The City's CDBG program is consistently timely with its spenddown and continues to provide technical assistance to subrecipients to build capacity in administering CDBG funding. Local service providers continue to expand capacity to reach more LMI households in the community. Performance measures related to housing activities have increased dramatically over the past five-year Consolidated Plan.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The City presented at the Regional Housing Council's Affordable Housing Advisory Board on May 15th and the Community Livability and Public Safety Committee on May 28th. There is a 30-day public comment period open May 30 - June 30. A public hearing will be held at the regular City Council meeting June 17.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

7. Summary

The City continues to target CDBG funding towards priorities set in the Consolidated Plan.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The City consulted with a variety of stakeholders and constituents during the 2023-2027 Consolidated Plan update. Each Annual Action Plan during this period will reflect the findings of the outreach and research in the Consolidated Plan. In development of the Annual Action Plan, City staff regularly participate in Regional Housing Council meetings and discuss priority housing needs in the community. City staff also participate in the regional Housing Action Team, a group of housing providers and government employees to discuss capacity building and services needed for LMI residents.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The City's participation in these coordinating bodies allowed the City to receive valuable input from a broad range of service providers.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Thurston County Continuum of Care (COC) is the body that addresses the needs of homeless people in all populations. The COC is also directly aligned with Coordinated Entry Team that engages in an ongoing system improvement work to seek, develop and adopt best practices for serving homeless people. City staff meets with the COC regularly to ensure goals are aligned and efforts to address homelessness are compounded but not duplicated. The housing projects funded this program year are directly targeted to prevent housing insecurity and meet the goals of the COC.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The Thurston Thrives Coordination Council works directly with the Regional Housing Council to develop recommendations on how best to invest all state and local funds including ESG funds. The TTCC also works closely with the Coordinated Entry Team to strengthen HMIS administration and reporting.

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

The City has made a great effort in expending prior program year unspent funds and is now timely in its expenditures and continues to meet performance measure timelines and project milestones with all subrecipients.

Table 6 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

All housing related projects outlined in the Annual Action Plan aside from the Revolving Loan Fund are being partially funded with PY24 CDBG funding. The subrecipients will be contributing staff time, resources, and materials to complete the agreed upon projects. Neither the city nor the organizations could have completed these goals independently of one another. The partnering agencies will be seeking outside donations and/or other state and local funds to fill the budget gaps to serve low/mod income homeowners and renters. Additionally, CDBG funds are used to leverage state funding for the Energize Olympia Thurston campaign.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Discussion

The City will pursue all potential leverage to ensure maximum leverage of local, state and federal funding sources.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The City of Olympia has made great strides in confronting barriers to producing and preserving multi-family rental units but more work is needed to produce homeownership units and to remove barriers that low-income households face in accessing those units. Increasing homeownership provides a unique opportunity to equitably provide affordable, sustainable, healthy and safe housing while assisting low and moderate-income households to begin building wealth and exiting poverty. The three key barriers to homeownership that still exist are the reduced organizational capacity of housing developers to create new homeownership housing, insufficient availability of financing and subsidies needed to produce new housing, and insufficient availability of resources needed to purchase a house. These barriers are present in Olympia but also seen statewide and have been called out in Homestead Community Land Trust's Closed Doors report, the Black Home Initiative, and the State's Homeownership Disparities Work Group study.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

In recent years the City of Olympia has taken several actions to address and mitigate barriers to affordable housing production and preservation. Some of these measures are briefly described below.

1. Dedicated Funding Source:

In 2018, voters approved a ballot measure that created the Home Fund, a local funding source that is solely used for the construction and preservation of housing units affordable to Olympia residents whose incomes do not exceed 60% of area median income by household size. The funding originates from the collection of one-tenth of one percent sales and use tax. Until 2023, funding awards were made by an Olympia Home Fund board comprised of residents with knowledge and expertise in the affordable housing field. From 2018 through 2022, Olympia's Home Fund supported the creation of approximately 130 permanent rental units.

In 2022, Thurston County adopted its own Home Fund and in 2023, the Olympia and Thurston County Home Funds were merged, thereby creating a local funding mechanism that offers an anticipated \$8 million annually toward the construction and preservation of affordable

housing in Thurston County. In 2023, seven projects that will produce 137 new units of housing by 2027 were awarded funds.

Funding awards for the newly merged Home Fund are now recommended by a citizen advisory board known as the Thurston Affordable Housing Advisory Board. The board is comprised of residents of Olympia, Lacey, Tumwater, and Yelm. Board members have a wide range of expertise in the affordable housing field. In establishing the board, priority was placed on including board members with lived experience of homelessness or housing insecurity. Priority was also placed on individuals who represent a population which is overly represented in Thurston County's Homeless Crisis Response Plan. Examples of such populations are Black, Hispanic, and LGBTQIA+.

2. Housing Action Plan

The cities of Olympia, Lacey, and Tumwater partnered with Thurston Regional Planning Council (TRPC) in 2021 to create Housing Action Plans. Because the cities are so closely geographically located and operate within the same housing market constraints, the decision was made for each city's plan to include the same six strategies for increasing the production and preservation of affordable housing. The strategies are:

- Increase the supply of permanently affordable housing for households that make 80 percent or less of the area median income.
- Make it easier for households to access housing and stay housed.
- Expand the overall housing supply by making it easier to build all types of housing projects.
- Increase the variety of housing choices.
- Continually build on resources, collaboration, and public understanding to improve implementation of housing strategies.
- Establish a permanent source of funding for low-income housing.

Cities then individually identified several actions their jurisdiction would take to support these six broad strategies. The City of Olympia's Housing Action Plan includes 71 actions. Staff across the organization recognize the need for affordable housing and work collaboratively to carry out the Housing Action Plan.

The City applied for the PRO Housing grant opportunity from HUD in 2023 and 2024 to address barriers to affordable housing. While unsuccessful in our application, we intend to apply for any future funding opportunities.

Discussion

The City of Olympia has extensively gathered and analyzed data and engaged our residents to assess the community's housing needs. The City pursued a Missing Middle Initiative, an effort to increase housing production and range of housing options by allowing more than one housing unit per lot. The City engaged Olympians on the issue of homelessness and from the engagement emerged the One Community plan, a roadmap for addressing homelessness. A Housing Needs Assessment identified, among other things, the need for more housing production and preservation and a need for a range of housing types to meet current and anticipated demand. The 2023-2027 Consolidated Plan deepened our knowledge about housing need and instability in Olympia. It provided data on the cost to produce and preserve housing as well as data on housing cost burden. The Assessment of Fair Housing highlighted populations of our community who experience barriers to accessing housing, housing insecurity, housing cost burden and ongoing disparities in homeownership.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The City, through non-profit agencies supported with state funding will continue its outreach particularly to homeless individuals and families to connect them to employment and education opportunities through the variety of programs that are available in the community.

The City will continue its efforts in creating effective partnerships with service delivery agencies and other jurisdictions within its boundaries to implement countywide programs and activities that strengthen our capacity to address the needs of low-income households.

Actions planned to address obstacles to meeting underserved needs

The City through the funded non-profit agencies will continue its outreach particularly to homeless individuals and families to connect them to employment and education opportunities through the variety of programs that are available in the community. The City is also actively pursuing state and federal funding to address obstacles to affordable housing.

Actions planned to foster and maintain affordable housing

The City prioritizes using CDBG funding to preserve existing affordable housing. Staff are continuously looking for funding sources to leverage CDBG and create new affordable housing.

Actions planned to reduce lead-based paint hazards

The City will continue its efforts in creating effective partnerships with service delivery agencies and other jurisdictions within its boundaries to implement countywide programs and activities that strengthen our capacity to address the needs of low-income households.

The City, through the Housing Action Team and Regional Housing Council, will continue to create partnerships for the ongoing development of affordable housing in our community. A working group of the Housing Action Team is the Affordable Housing Team, which is comprised of local affordable housing providers, local jurisdiction staff, and other interested private sector parties. The group works to focus collaborative action to create, preserve and diversify affordable and equitable housing through advocacy, education, and leadership.

Actions planned to reduce the number of poverty-level families

The Regional Housing Council (RHC), representing the jurisdictions of Thurston County, Olympia, Lacey, Tumwater, and Yelm all pledge a portion of local sales tax revenue collected by the jurisdictions to support health and human services agencies throughout the County. For the past several years, the RHC

has directed these funds to be used to fund local non-profit agencies that address "basic needs" including food and meal programs, personal hygiene, childcare, and other emergency needs to support low-income households.

Actions planned to develop institutional structure

In January 2021, Thurston County and the Cities of Olympia, Lacey, Tumwater, and Yelm, signed an Interlocal Agreement to form the Regional Housing Council (RHC). The RHC replaces the Health and Human Services Council and creates a more intentional focus on addressing affordable housing and homelessness as a region. The primary purpose of the RHC is to leverage resources and partnerships through policies and projects that promote equitable access to safe and affordable housing.

The Thurston Thrives Housing Action Team and its sub teams, including Affordable Housing; Homeless Housing Hub; Affordable Rental Housing; Manufactured Housing Work Group; and Senior Housing, will continue to build new partnerships to enhance our planning environment. These teams provide valuable information to our local planning bodies regarding the development of affordable housing and needed public services.

Actions planned to enhance coordination between public and private housing and social service agencies

The Housing Action Team is again the key county focus on the activities in this area. The HAT forum brings together non-profits, government and private sector developers in a unique manner that solicits input for the greater community wellbeing.

Discussion

The City will continue to solicit the input from existing community members, local not for profit agencies and private sector businesses to create a stronger, healthier community.
