6. BUSINESS ITEMS

6.A [13-0022](#) West Bay Public Art Concept Design

Carolyn Law presents a power point presentation on the West Bay sidewalk project, which will consist of constructing new sidewalk and retaining walls to connect existing parts of sidewalk. This will be located between Brawne and Snyder Hill on the west side. She has decided on possible concepts: using shelf form liners, a sparkle pavement mix, words (short poems), and/or inserted objects in the sidewalk to reference relationship to water and industrial history. Carolyn has approached a local poet to assist in the project. The project design is still evolving. This concept is a result of public input during a

community meeting. There will be another public meeting on January 29 at Garfield Elementary School, to present these concepts.

Does the Arts Commission move to approve the concept plan for the West Bay sidewalk public art project, to forward for community review and to Council?
Commissioner Olson moved, seconded by Commissioner Westbrook, to approve the recommendation. Motion passed unanimously.

Following this item, Commissioners Hinton and Perry left the meeting.
