Mr. Jerry Farmer provided a history of the shoreline and said flexibility makes common sense.

Ms. Sara Smyth McIntosh, 1801 West Bay Dr NW, attorney speaking on behalf of her clients, voiced concerns as to whether the SMP would encourage the creation of a trail.

Mr. Victor Zvirzdys, 612 5th Ave SW, owner of a local business located on the waterfront, believes small businesses were not considered when drafting the SMP. He said the setbacks, as proposed, will make his building and use nonconforming.

Mr. Ed Zvirzdys, 612 5th Ave SW, said if his building is destroyed, his family fears they would not be able to rebuild because of the new setback provisions.

Ms. Vida Zvirzdys, 612 5th Ave SW, encouraged flexibility in the SMP.

Mr. Tom Zvirzdys, 612 5th Ave SW, voiced his concern about the setbacks in the case of having to rebuild. He said even cosmetic changes would require a permit that would trigger other requirements.

Mr. Don Farler, 204 65th Lane NW, urged the Council to keep flexibility in the SMP. He said zero foot setbacks will be improved and paid for by local private funding. He said he agrees with the Zvirzdys' comments and said the SMP needs to provide clarity for rebuilding.

Mr. David Schaffert, 809 Legion, President of Thurston County Chamber of Commerce, said he supports the direction of the nonconforming development provisions and the flexibility in shoreline development.

Ms. Sherri Goulet, 3516 Pifer Rd SE, asked the Council to consider the rights of the non-property owners as well as those who don't come to meetings. She told the Council this is part of a "dream big" moment.

Mr. Jerry Budelman, 2204 Dublin Dr NW, Olympia Yacht Club member, shared a parable about a long time homeowner and how the new provisions would be unfair.

Mr. Walt Schefter, Thurston County, posed questions about different setbacks. He said there is no meaningful scientific support for large setbacks in the urban intensity zones. He encouraged flexibility.

Mr. Mick Phillips, 724 Columbia St NW, said the draft is much improved and he would like to see redevelopment on West Bay Drive.

Mr. Steve Segall stated he believes the purpose of the SMP is to exert some control over the shoreline for the City and community, not only property owners.

Mr. John McKinley, Olympia Master Builders President, said this is a reasonable draft, but the nonconforming and conditional uses need more work. Also, he said he supports flexibility in setback reductions and incentives.
