Subject: RE: Reminder: Council direction on rezone criteria

They were imbedded in the staff report, but for unknown reasons the 4th one wasn't included. I recall OPC becoming aware of this and discussing, but wouldn't hurt to remind them. Below is the text. Note this isn't a proposed policy, just a part of the plan – and yes, the style of this text is contrary to the Imagine Oly styleguide. Feel free to forward as you see fit.

“Proposed rezones shall meet criteria to be adopted into the Olympia Municipal Code that address:

1. Consistency with the Comprehensive Plan.
2. Consistency with the City's development regulations that implement the Comprehensive Plan.
3. Compatibility with adjoining zoning districts and transitioning where appropriate to ensure compatibility.
4. Adequacy of infrastructure in light of development potential of the proposed zoning.”

Subject: Reminder: Council direction on rezone criteria

Hi Todd,

Just remembered - I'm not sure if the OPC request for the language approved by Council regarding the rezone criteria was ever attached to their deliberation staff report. If so, great. If not, do you have something we can attach?

Thanks,
