process is beginning later than usual. He said these annual updates are at the City's discretion and are not mandated. He reviewed the first three proposals, including:

1. Waste Resources Update - program and facilities
2. Transportation Map Revisions
3. Cooper Trails - map and zoning amendments near Cooper Point to be rezoned
Professional Office - Multi-Family

Councilmember Cooper moved, seconded by Councilmember Langer, to approve consideration of proposals 1, 2, and 3. The motion passed unanimously.

Mr. Stamm reviewed proposal No. 4 - Bigelow Neighborhood transitional zoning issues with a referral to the Land Use and Environment Committee to further scope.

Mr. Jay Elder, proponent and member of the Bigelow Neighborhood, referred to a map of neighborhood properties. He asked that the Planning Department review and consider limiting the height of buildings north of State Avenue between East Bay Drive and Tullis Street.

Councilmember Hankins moved, seconded by Councilmember Langer, to add this proposal to the Planning Commission and CP&D's 2015 work plans as one or more development code amendments with specific scope to be determined by City staff in consultation with the Land Use and Environment Committee. The motion passed unanimously.

Mr. Stamm reviewed Proposal No. 5 - M-Five (Kaiser and Harrison) - A request to rezone about 25 acres to urban high density corridor. He said staff supports expanding this to allow for a study of the surrounding opportunity area.

Mr. Ron Thomas, Thomas Architecture studio, and representing the owner of the 25-acre site, said his client seeks broad based community support for a possible community center in this location.

Councilmember Langer moved, seconded by Councilmember Cooper, to approve consideration of this proposal as the initial and only year 2016 privately-initiated Comprehensive Plan amendment, such amendment to include consideration of the surrounding Kaiser/Harrison "opportunity area" as described in "Investment Strategy City of Olympia Opportunity Area," with review by City staff and the Planning Commission to be conducted in a manner that will provide for a final Council decision in mid-2016. The motion passed unanimously.

Mr. Stamm reviewed this proposal and said the applicant, Mr. Willie, withdrew his initial proposal.
