

Planning Commission 2014 Work Plan

OPC will hold full committee meetings every other week in 2014. In addition to the full committee meetings, subcommittee meetings and special meetings will continue to be held, as needed.

Section 1. 2014 Policy Issues – Recommendations to City Council

Consistent with past practice, committee recommendations are forwarded to the full Council as part of the report for the relevant Council agenda items, either as a staff provided summary of the OPC motion and deliberation, an attached memo authored by the Chair or committee and/or an oral report by a member of OPC at a Council meeting. Unless otherwise noted, staff estimates there is sufficient professional and administrative staff time to accomplish Section #1 in 2014.
