Subject: Comp plan input

I was unable to attend the meeting on Monday Oct. and would like to offer my opinion in favor of the Comp Plan's imposition of a 35-foot building height limit on streets abutting an historic district, in particular the north side of State Avenue abutting the Bigelow/Olympia Ave. Historic Districts.

Please reconcile the City Code to put this part of the Comp Plan in it, so it can be enforced, and reevaluate commercial zoning on State Ave.

Thank you.
