CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

Edits to PR26 report parameters:

Unexpended prior year funding: \$80,000 in Program Year 2023 funds (Habitat for Humanity CHR and Community Court), \$213,859 in Revolving Loan Fund program income reflects the total for Line 1 Unexpended Prior Year Funding: \$293,859.

Adjustment to compute total public service cap: -\$50,946.67 (adjusted from PY23 public service activity drawn in PY24).

The accomplishments not met in Table 2 of the Strategic Plan goals will continue to be prioritized in upcoming Program Years in the Consolidated Plan period.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected - Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected - Program Year	Actual – Program Year	Percent Complete

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

In this second year of the City's Consolidated Plan, the City has made progress in addressing the priorities identified in the 5-year Consolidated Plan. The preservation and improvement of affordable housing was identified as a top priority during the Consolidated Planning process.

Olympia has invested over \$240,000 of its CDBG on critical home repair activities for low- and moderate-income homeowners. The City partners with Rebuilding Together Thurston County and South Puget Sound Habitat for Humanity to provide these services. Rebuilding Together Thurston County completed rehabilitation projects on 11 homeowner-occupied units. South Puget Sound Habitat for Humanity's Critical Home Repair program rehabilitated six homeowner-occupied units.

Additionally, funding invested in the Energize Olympia program provided fully subsidized electric heat pumps for eight low- and moderate-income homeowners. This program is carried out by subrecipient South Puget Sound Habitat for Humanity.

In total, 25 homeowner-occupied units were rehabilitated with City of Olympia CDBG funding. The preservation of existing affordable housing is a major priority regionally, especially within the City of Olympia due to the City's aging housing stock.

The City continues progressing towards its rental rehabilitation goals. In PY24, the City's Rental Rehabilitation Revolving Loan Fund funded the installation of an energy-efficient ductless heat pump for a rental unit occupied by a low-income tenant. The installation of the heat pump and usage of the City's revolving loan fund required an affordability covenant be placed on the property, ensuring affordability for five years. Additionally, City staff are working with a multifamily property owner to rehabilitate their 12-unit apartment building. This is expected to be completed in Program Year 2025.

The City's partnership with Enterprise for Equity provided technical assistance for low- and moderate-income business owners across Olympia, specifically for BIPOC business owners. Enterprise for Equity assisted 25 businesses during PY24.

Program Year 2024 funding was invested in the City's internal Homeless Response program. Program staff provided outreach and connection to services to 64 community members experiencing homelessness during the first half of Program Year 2024. Additional data on the

accomplishments for the second half of the Program Year will be updated as accomplishment data is submitted.

The City will continue to prioritize the use of CDBG funding for the preservation and improvement of our community's affordable housing stock.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted). 91.520(a)

	CDBG
White	38

American Indian or American Native	1
Native Hawaiian or Other Pacific Islander	2
Total	51
Hispanic	5
Not Hispanic	46

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

This data does not reflect public service accomplishments through the Community Court and Homeless Response activities.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	759,563	492,759

Table 3 - Resources Made Available

Narrative

The City's Program Year 2024 Entitlement Grant was \$347,049. Prior year unspent funds of \$293,859 were brought forward in PY24 to meet strategic goals. Additionally, the City received \$118,654 of Program Income during Program Year 2024. The total available CDBG funding for Program Year 2024 was \$759,562.68. The City expended \$492,759.42 in Program Year 2024. The remaining \$266,803.26 of unspent funds are expected to be drawn in Program Year 2025. The majority of the available funding is \$214,000 available in the Revolving Loan Fund, with a project in the pipeline to rehabilitate a 12-unit apartment building. The remaining unexpended funds are allocated and on track for spend down between the critical home repair programs. Approximately \$52,800 of unexpended Program Year 2023 and Program Year 2024 funding is to be drawn during Program Year 2025.

Identify the geographic distribution and location of investments

Target Area Planned Percentage of		Actual Percentage of	Narrative Description
	Allocation	Allocation	
City of Olympia	100	100	Comprehensive

Table 4 – Identify the geographic distribution and location of investments

Narrative

All funds were used within the City of Olympia limits.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Projects funded with Olympia's CDBG monies also receive funding from other sources, which leverages, or matches, other fund sources to meet the needs in our community. CDBG funding was leveraged with private donors and other grant sources for projects completed by Rebuilding Together Thurston County. South Puget Sound Habitat for Humanity provides homeowners the opportunity to leverage sweat equity on their rehabilitation projects. CDBG funding awarded to the Energize Olympia project was leveraged by other state and local funding for installations regionally.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be		
provided affordable housing units	0	0
Number of Non-Homeless households to be		
provided affordable housing units	0	0
Number of Special-Needs households to be		
provided affordable housing units	0	0
Total	0	0

Table 5 – Number of Households

	One-Year Goal	Actual
Number of households supported through		
Rental Assistance	0	0
Number of households supported through		
The Production of New Units	0	0
Number of households supported through		
Rehab of Existing Units	18	26
Number of households supported through		
Acquisition of Existing Units	0	0
Total	18	26

Table 6 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City exceeded the rehabilitation goals identified in the Program Year 2024 Annual Action Plan.

Discuss how these outcomes will impact future annual action plans.

The City will continue to prioritize funding organizations to rehabilitate housing for low- and moderate-income households.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	12	0
Low-income	6	0
Moderate-income	8	0
Total	26	0

Table 7 – Number of Households Served

Narrative Information

The majority of households served by housing rehabilitation activities are extremely-low income.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c) Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Olympia has a robust homeless response program which leads homeless outreach regionally. Two dedicated staff provide direct outreach daily to unsheltered homeless community members. The homeless response staff provide HEAT intakes for coordinated entry, provide emergency and hazardous weather supplies, water and food. The City's Homeless Response Team leads regionally in outreach and support services for community members experiencing homelessness.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City works to place all unsheltered community members in housing. The City works within the framework of coordinated entry and provides funding for housing service providers. The City also funds permanent supportive housing in tiny home villages such as Franz Anderson and Plum Street Village.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

These populations are frequently encountered by Familiar Faces outreach, workers the Homeless Response team, and the City's Crisis Response Unit. Those City social service experts regularly refer individuals to local service providers and coordinate with those organizations to identify service gaps and plan programs and resources designed to fill those gaps. Both roles coordinate with foster care agencies, corrections agencies, and others on a weekly informal or monthly basis at formal meetings.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

While homelessness is a regional issue, its locus is in Olympia, primarily concentrated in the urban hub.

Other non-federal City funds were used to support homeless shelters for homeless adults. Through the Regional Housing Council partnership, other shelters, affordable housing and social services were funded with a variety of federal, state and local funds. In 2017 Olympia passed the Home Fund Levy, a sales tax levy for affordable housing construction and homeless and behavioral health services. That program has helped fund four supportive housing projects in the last four years that successfully competed for state Housing Trust Fund awards and 9% Low Income Housing Tax Credits. Those four projects will produce 248 units of supportive housing and 60 beds of single adult shelter. The City participated the 2024 Point in Time Homeless Census with Thurston County, and provides additional City monies to support this effort. Quality data serves to inform regional homeless policy and investments.

Additionally, the City has:

- 1) Created a Homeless Response Team;
- 2) developed and began implementation of our "One Community: Healthy, Safe and Housed" strategic plan that the Coordinator uses as a strategic reference;
- 3) established a Tiny House Village called Plum Street Village for up to 40 households;
- 4) Established the Franz Anderson Tiny Home village that houses 50 people in tiny homes that will later be offered permanent supportive housing with Phase II.
- 5) established a storage facility for unhoused people including storage dedicated to homeless households headed to Coronavirus quarantine and isolation;
- 6) enacted municipal code 18.50 allowing emergency housing facilities.

The City also participated with neighboring jurisdictions in the Washington State Rights-of-Ways Safety Iniative Program. The City worked alongside service providers to place dozens of unsheltered homeless community members into permanenent supportive housing.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

No actions were taken to assist Public Housing during Program Year 2024 with CDBG funds. Olympia does continue to work with the Regional Housing Council to identify public housing needs and assign resources as available

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

In Program Year 2023, the City completed a Homeownership study to identify barriers to homeownership. City staff continue to pursue funding opportunities available to local governments for the expansion of homeownership for low- and moderate-income residents. The City is seeking funding to design and implement a Downpayment Assistance program and to partner with local nonprofits to provide homebuyer and housing counseling services to low- and moderate-income Olympians, particuarly BIPOC. The City is also participating in the Black Home Initiative as a regional partner to expand opportunities for Black community members to become first-time homeowners.

The City is also exploring tenant opportunity to purchase and right of first refusal policies to expand access to homeownership for renters.

Actions taken to provide assistance to troubled PHAs

There were no activities to assist troubled PHA's during Program Year 2024. The City of Olympia works closely with the Housing Authority of Thurston County. Our PHA has contributed project-based vouchers to support permeant supportive housing projects in Olympia in the last three years.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The City's Planning Department continues to address zoning and development guidelines to reduce construction costs associated with housing. In 2019 Olympia adopted an affordable housing impact fee abatement program that has already been used to construct 82 units of affordable housing. That housing must serve households at or below 80 percent AMI and remain affordable for 20 years. The City also adopted changes to codes in order to increase residential building capacity and the variety of housing types allowed in Low Density Residential Zoning Districts. These changes went into effect on December 23, 2020.

In 2023, the City hired an Affordable Housing Program Manager position to incentivize affordable housing developers to build in the City. The program manager also reviews our City code and ordinances to ensure best practices are achieved. The City continues to work towards achieving goals set up in the City's Housing Action Plan.

A recent Housing Code amendment has been put in place to address the missing middle housing in the city. City staff continue to review local laws to remove negative effects of public policies that serve as barriers to affordable housing.

In 2022, the City passed an ordinance to protect renters in Olympia. The City has completed a fair housing assessment jointly with Thurston County and the Housing Authority to identify barriers to fair housing Citywide and to steer policymaking decisions in coming years to eliminate them. The City is participating in a technical assistance cohort with several other jurisdictions under the Housing Solutions Lab. The City is focusing on adaptive reuse of mixed-use and non-residential buildings. The City is continuing its work on amending zoning code to allow for denser housing, with a code amendment being considered for 2026 to allow 4 units per residential parcel. Additionally, the City continues to prioritize the development of Affordable Housing. In 2024, the City passed a suite of policies to improve the process for developers to design and create affordable housing units within the City. This suite of policies is known as the Affordable Housing Emergency Declaration. The City continues to expand rights for tenants and manufactured homeowners.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City considers all CDBG-funded services in PY 2024 as actions to meet underserved needs.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

In Program Year 2024, CDBG staff are focusing on honing program policies and procedures to ensure

compliance with Lead-Based Paint regulations. CDBG staff continue to work with subrecipients on safe lead-based paint practices and bolster internal policies to ensure federal funds are compliant with lead-based paint regulations. In the coming years, City staff plan to apply for federal lead hazard reduction funding to eliminate hazards in our community.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The City continues to invest in economic development activities to increase the number of low- and moderate-income jobs available in the City. City Council has recently adopted Olympia Strong to better understand what actions it can take to help residents, businesses and our City organization thrive – particularly in challenging economic times. The things we learn will help build a roadmap to a healthy, inclusive and sustainable economic ecosystem. The City's economic development department also works to expand worksource services such as job training and availability.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The City continues to work with other regional jurisdictions to address zoning, development and other policies that affect the cost and availability of affordable housing. In 2022, the City passed an ordinance to protect renters in Olympia. There have been additional rental protection packages passed since then. The City is has completed a fair housing assessment jointly with Thurston County and the Housing Authority to locate barriers to fair housing Citywide and to steer policymaking decisions in coming years to eliminate them. The City is also participating in a joint peer cities technical assistance cohort to expand our capacities. The City also continues to apply for competitive grants to assist in capacity building and provide funding to expand services that the City can provide. Additionally, the Housing staff have been integrated in the Community Planning and Economic Development department to encourage inter-divisional collaboration.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The City coordinates public and private housing through participation in the Regional Housing Council, a regional policy body that brings government, social services, non-profit sector, faith sector, private sector and other stakeholders together to develop policy and funding recommendations that enhance coordination. Additionally the City's Land Use Committee reviews housing cost drivers in code to find more ways to slow the growth of housing costs.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The City has completed an exhaustive Assessment of Fair Housing in partnership with Thurston County and the Housing Authority to identify barriers to fair housing and is conducting a comprehensive assessment of current laws and to inform the upcoming Consolidated Plan.

The City has adopted a rental registry program which includes an inspection aspect to ensure all rental housing within the City is safe and habitable. City staff continue to work with underserved groups to strengthen tenant rights. The City is currently working on additional protections for manufactured homeowners.

The City refers all Fair Housing complaints to:

- Fair Housing Center of Washington: 253-274-9523
- Washington State Human Rights Commission: 1-800-233-3247

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Two activities were monitored during Program Year 2024. Rebuilding Together Thurston County and South Puget Sound Habitat for Humanity's Critical Home Repair programs were monitored jointly with Thurston County. Both programs were monitored for National Objective compliance, procurement compliance, recordkeeping and project eligibility. Each monitored activity was notified in advance of the monitoring and close-out letters were provided with suggestions to improve recordkeeping. Monitoring was completed on-site for both subrecipients and were conducted in accordance with risk assessed as high, due to the capital improvement nature of the activities.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The City's Citizen Participation Plan offers an opportunity for all stakeholders to examine the report for 15 days prior to planned submission on November 28, 2025. The 15-day public comment period is October 31 - November 14. Electronic copies of the plan are posted on the City's CDBG website, noticed on the Olympian's webpage and in print, and are furnished online at the City Council-hosted hearing, linked in reports to Council, and access was shared with the county's Housing Advisory Team listserve.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The City continues to prioritize the preservation and improvement of the community's low-income housing stock. The City is working on updating program policies and procedures to ensure lead-based paint compliance.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI)

grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The City continues to prioritize the preservation and improvement of the community's low-income housing stock. The City is working on updating program policies and procedures to ensure lead-based paint compliance.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No
