Ref: **BRANBAR REZONE**

To Whom It May Concern:

We would respectfully like to reject the rezoning request for the Branbar project. We have lived on Crestwood Place for over 8 years now and we love our neighborhood but the driving conditions getting to and from our home have always been difficult. The streets within our neighborhood are very narrow, in some places it is difficult to drive one car down the street at a time. In most cases, if a car is coming from one direction the other car has to wait before proceeding.

Now we receive a notification that a new zone has been requested to be build, which will have one way in and one way out though our "narrow" neighborhood. This will entail logging and construction equipment traveling down our 1-lane streets for a couple of years, then the addition of a couple hundred new families traveling down our streets.

As if it wasn't difficult enough getting in and out of Cooper Crest, you want to add more houses with no other way of getting out of the area but one! No thank you!

We would again, respectfully decline the Branbar Rezoning Project.

Please feel free to contact us if you have any questions or concerns.

Sincerely Yours,

Scott & Anna Trippi
