

SEATTLE

Overview

- 38 neighborhood plans
- Subarea plans have been in place since 1995, updates in 2008
- Included as part of the Comprehensive Plan

Plan Elements

Each subarea has goals and policies associated with specific chapters, which are some combination of the following:

- Overview/Context
- History
- Land Use
- Commercial
- Residential Development
- Design
- Planning District Guidelines
- Parks and Recreation
- Transportation
- Utilities
- Economy
- Parks
- Environment
- Design Features
- Community
- Public Safety
- Implementation Strategies

Planning Process

- City hosted neighborhood meetings
- City Council “recognizes” the Plans
- The Chairs of Neighborhood Plan Stewardship Groups and District Councils provided input on prioritizing neighborhood plan recommendations. The goal was to have the prioritized recommendations focus implementation efforts by both City departments and community groups.
- Detailed work programs for the City to implement the neighborhood plan.
