

Shoreline Master Program (SMP)

About the SMP

The Shoreline Master Program (SMP) is a set of local policies and regulations adopted by the City under the State's Shoreline Management Act that generally applies to all major water bodies and lands within 200 feet of those waters.

Periodic review

Every eight years, counties and cities must review the SMP to ensure it remains consistent with any changes in state law, the adopted Comprehensive Plan, and any changes in local circumstance.

The periodic review is not as involved as the “comprehensive update” that Olympia completed in 2015. The comprehensive update was a major rewrite of the SMP that took several years to complete.

For the periodic review, the Washington State Department of Ecology (Ecology) provides a checklist for us to identify and evaluate any needed revisions. Ecology also provides grant funds to help cover the costs associated with conducting the review. The City of Olympia will conduct this review in 2020.
