Olympia Municipal Code on Rezone Requests

18.59.050 Decision criteria for rezone requests

The following criteria will be used to evaluate each rezone request. A zoning map amendment shall only be approved if the Council concludes that at minimum the proposal complies with subsections A through C. To be considered are whether:

- A. The rezone is consistent with either the Comprehensive Plan including the Plan's Future Land Use map as described in OMC 18.59.055 or with a concurrently approved amendment to the Plan.
- B. The rezone will maintain the public health, safety, or welfare.
- C. The rezone is consistent with other development regulations that implement the comprehensive plan.
- D. The rezone will result in a district that is compatible with adjoining zoning districts; this may include providing a transition zone between potentially incompatible designations.
- E. Public facilities and services existing and planned for the area are adequate and likely to be available to serve potential development allowed by the proposed zone.

(Ord. 7013 §2, 2016; Ord. 6952 §2, 2015; Ord. 5792 §1, 1998).
