

## 2024 LEGISLATIVE SESSION WEEK 9 – SINE DIE City of Olympia March 9, 2024

### Overview

The Legislature adjourned Sine Die on Thursday, March 7. The Governor has already taken action on the handful of bills that were delivered to him more than five days before the Legislature adjourned. For all other bills, the Governor has 20 days (not counting Sundays) to sign them. [Click here](#) for a full list of all the bills that passed the 2024 Legislative Session, organized by committee.

#### Key Highlights

Significant highlights of this legislative session include the passage of three of the six citizen Initiatives to the Legislature:

- I-2081 that establishes a parental bill of rights relating to their children’s public school education,
- I-2111 that prohibits state and local governments from enacting a personal income tax, and
- I-2113 that removes certain restrictions on when police officers may engage in vehicular pursuits.

The three initiatives that will be on the November ballot will be

- I-2109 to repeal the capital gains tax,
- I-2124 to allow more people to opt out of the state’s long-term care program, and
- I-2117 to repeal the Climate Commitment Act.

The Legislature passed three supplemental budgets, operating, capital and transportation. A substantial number of appropriations made in the budgets from the Climate Commitment Act include a clause that the funds may not be expended or obligated prior to January 1, 2025 and that if Initiative 2117 is approved in the November general election, the funding is null and void. Highlights from the budgets include:

#### Operating Budget

- \$4.4 million to eliminate the local government 25% match for Basic Law Enforcement Academy (BLEA) training.
- Does not include \$10 million in grants to local governments for public safety personnel, including recruitment and retention, that was included in the Governor’s proposal.

- \$150 million for public and private utilities to provide one-time bill rebates for low- and moderate-income residential electricity customers.
- \$62 million to address housing and services for those who are unhoused.
- \$12 million of CCA revenues to support local governments, organizations, and tribes in searching for, accessing, and reporting on federal grant awards and tax incentives.
- \$1.5 million in one-time funding for technical assistance for Broadband Equity Access and Deployment (BEAD) Program grantees
- Continues funding state-shared revenues at expected levels, but reflects a decrease in City-County Assistance for low taxbase cities and counties due to reduced REET collections and cannabis tax distributions from a reduced revenue forecast.
- \$1.5 million for an extreme weather grant program.

### Capital Budget

- No new diversions from the Public Works Assistance Account.
- \$95.6 million in federal funding for Broadband Equity, Access, and Deployment Program projects.
- \$127 million increase for the Housing Trust Fund.
- \$45 million for clean building performance grants.
- \$4 million of clean energy retrofit dollars dedicated to grants for energy audits to tier 1 & 2 buildings.
- \$50 million for clean energy community decarbonization projects.
- \$105 million for Community EV Charging Grants.
- \$22 million for the Brian Abbott Fish Barrier Removal Board.
- \$25 million for green jobs and infrastructure projects for which cities are eligible to apply.

### Transportation Budget

- \$27.2 million for Safe Routes to Schools grants.
- \$18.5 million for Pedestrian and Bicycle Safety Programs and grants and \$5 million to assist local jurisdictions in addressing emergent issues related to safety for pedestrians and bicyclists.
- \$15 million for the Clean Alternative Fuel Vehicle Charging and Refueling Infrastructure Program

In addition to the initiatives and budgets, the Legislature passed some significant policy bills, including:

### Housing

Although rent stabilization and transit-oriented development housing policies did not pass this year, a bill that allows “co-living” housing did. HB 1998 requires cities and counties that plan under the Growth Management Act to allow “co-living” housing as a permitted use on any lot located within an urban growth area that allows at least six multifamily residential units, including on a lot zoned for mixed use development. Co-living housing is dorm-like housing with separate sleeping areas and shared areas such as bathrooms and kitchens. The bill is awaiting the Governor’s signature.

### Public Safety

SB 6009 bans hog-tying by peace officers.

Several bills were passed that create tougher gun laws in the state, including

- SB 5444 that bans open carrying of firearms in transit facilities, libraries, zoos, and aquariums.

- HB 1903 requires gun owners to report the loss or theft of a firearm to law enforcement officers within 24 hours of discovering the weapon is gone.
- HB 2118 requires firearm dealers to adopt specified security features, alarm systems, safe storage practices, surveillance systems, and record keeping practices, and requires that employees must be at least 21 years old and undergo fingerprinting and background checks. Dealers must review and respond to trace requests within 24 hours; and notify law enforcement of any loss, theft or unlawful transfer within 24 hours.

### Climate

SB 6058 makes several changes to the Climate Commitment act and authorizes the Department of Ecology to link Washington’s carbon market with those in California and Quebec. The bill contains a null and void clause stating that the act is declared not to be a conflicting measure with I-2117, but if the Washington State Supreme Court directs the Secretary of State to place the bill on the 2024 ballot as an alternative to I-2117, the act is null and void and may not be placed on the ballot.

HB 1589 accelerates Puget Sound Energy’s transition away from providing natural gas.

### Legislative Changes

In 2024, all of the House and one-half of the Senate positions will be up for election, in addition to all of the statewide offices. Several legislators have already announced they will not be returning to their positions next session, including:

- Senate Majority Leader Andy Billig
- Senator Sam Hunt
- Senator Karen Keiser
- Senator Lynda Wilson
- Senator Mark Mullet (running for Governor)
- Senator Kevin Van De Wege (running for Public Lands Commissioner)
- Representative J.T. Wilcox
- Representative Joel Kretz
- Representative Spencer Hutchins
- Representative Jacquelin Maycumber (running for Congress)
- Representative Jessica Bateman (running for Senate)
- Representative Marcus Riccelli (running for Senate)
- Representative Paul Harris (running for Senate)

Additionally, the following legislators are running for higher office, although if they do not win their election, they retain their current seats:

- Senator Manka Dhingra (running for Attorney General)
- Senator Rebecca Saldana (running for Public Lands Commissioner)
- Senator Patty Kuderer (running for Insurance Commissioner)
- Senator Drew MacEwen (running for Congress)
- Senator Emily Randall (running for Congress)

## SPECIFIC HIGHLIGHTS

### *Financial Stability*

[HB 2230](#) codifies and makes permanent the Economic Security for All program which is to empower and incentivize communities to coordinate existing poverty reduction resources and benefits to make them easier to access, get them to the people who need them, and work as a coordinated system to help more people move out of poverty and be included in Washington's economic success. The program will allocate grants to families and individuals below 200 percent of the federal poverty level, which is \$30,120 for individuals and \$62,400 for a family of four annually. These grants are designed to help families with low incomes become more self-sufficient and focus especially on supporting people of color and rural residents. The bill was delivered to the Governor on March 5.

### *Housing Affordability*

[HB 2321](#) is a trailer to last session's middle housing bill, HB 1110, and modifies provisions for middle housing and minimum residential density requirements. The bill was delivered to the Governor on March 6.

[SSB 6175](#) allows a city to establish a retail sales and use tax deferral program for the conversion of underutilized commercial property to affordable housing. On March 5, the House adopted a floor amendment that removes the requirement that applicants must commit to renting or selling at least 50 percent of the investment project set aside from multifamily housing units at or below fair market value, and removed the definition of "county median price" and "fair market rent" from the bill. The Senate concurred with the House amendments on March 6. The bill was delivered to the Governor on March 8.

[HB 1892](#) creates the Workforce Housing Accelerator Revolving Loan Fund Program within the Department of Commerce to administer loans to eligible organizations to assist with the development of housing for low-income households. The bill was delivered to the Governor on March 6.

[SHB 1998](#) requires cities and counties to adopt ordinances, development regulations, zoning regulations or other official controls to allow co-living housing as a permitted use on any lot located within an urban growth area that allows at least six multifamily residential units no later than December 31, 2025. It prohibits cities and counties from imposing certain standards on co-living housing, including standards that are more restrictive than those required for other types of multifamily residential uses in the same zone. The bill was delivered to the Governor on March 6.

[SHB 2012](#) expands the property tax exemption for nonprofit organizations providing rental housing or mobile home park spaces to qualifying households by allowing nonprofit organizations to receive funding from additional sources: voter-approved limited proposition levies and city or county funds designated for affordable housing. The bill was delivered to the Governor on March 6.

[SHB 2071](#) directs the Washington State Building Code Council to convene two technical advisory groups: one to recommend changes needed to apply the Washington State Residential Code to multiplex housing and another to recommend changes needed to the International Building Code to allow smaller dwelling

units. It also requires the Office of Regulatory and Innovation Assistance to contract for the development of an optional standard energy code plan set that meets or exceeds all energy code regulations for residential housing subject to the International Residential Code. The bill was delivered to the Governor on March 7.

[SB 5792](#) excludes buildings with 12 or fewer units, that are no more than three stories, from the definition of multiunit residential building if one story is utilized for above or below ground parking, or retail space, thereby exempting such buildings from certain building enclosure design and inspection requirements. The bill was delivered to the Governor on March 6.

[SB 6013](#) expands the homeownership development property tax exemption to include real property sold to low-income households for building residences using mutual self-help housing construction. The bill was delivered to the Governor on March 8.

[SB 6015](#) prohibits counties planning under the Growth Management Act, and cities within those counties with a population over 6,000, from requiring off-street parking as a condition of permitting a residential project if compliance with tree retention would otherwise make a proposed residential development or redevelopment infeasible. The bill was delivered to the Governor on March 8.

## Climate

[ESHB 1589](#) establishes the WA Decarbonization Act for Large Combination Utilities and requires a large combination utility (PSE) to provide to the UTC that it has a cost-effective plan for decarbonizing in a way that is consistent with the state's greenhouse gas policies and reducing the use of natural gas. The bill was delivered to the Governor on March 7.

[HB 1976](#) permits the Department of Commerce to provide higher incentive payments under the Early Adoption Incentive Program to owners of buildings that comply with the State Energy Performance Standard. The bill was delivered to the Governor on March 5.

[SSB 6058](#) links Washington's carbon market with the California-Quebec carbon market. The bill was delivered to the Governor on March 8.

## Public Health & Safety

### *Expand Mental Health & Behavioral Health Resources*

[HB 2088](#) safeguards crisis response teams, community-based team, and other responders from civil liability during good-faith performance of their duties. This allows responders to confidently perform their jobs amidst potentially volatile situations. By empowering trained crisis responders to provide on-site de-escalation, stabilization, and resource connection directly to individuals in need, Washington creates a viable alternative to police intervention and connects individuals with behavioral health services. The bill was delivered to the Governor on March 1.

[HB 2247](#) alters licensure, certification, or registration requirements, practice settings, and reimbursement requirements for psychologists, mental health counselors, social workers, marriage and family therapists, agency affiliated counselors, and substance use disorder professionals. The bill was delivered to the Governor on March 7.

[HB 2311](#) requires CJTC to convene a task force on first responder wellness, develop a 40-hour training program and establish a grant program. The bill was delivered to the Governor on March 6.

[SB 5853](#) allows 23-hour Crisis Response Centers to serve children, but not serve adults and children in the same treatment area. The bill was delivered to the Governor on March 6.

[SB 6251](#) allows BH-ASOs to convene regional partners and stakeholders to develop protocols for coordination of the behavioral health crisis response system. The bill was delivered to the Governor on March 8.

#### *Further Legislative Action to Reduce Gun Violence*

[SHB 1903](#) creates a civil infraction for the failure to report the loss or theft of a firearm to law enforcement within 24 hours, requires law enforcement to enter lost and stolen firearms into the national Crime Information Center database, and requires licensing authorities, when issuing a firearm dealer's license, to issue dealers signage related to the possible civil and criminal penalties related to the failure to report a lost or stolen firearm and the unsafe storage of a firearm. The bill was delivered to the Governor on March 6.

[SHB 2118](#) requires employees of firearm dealers to undergo yearly background checks; requires firearm dealers to adopt specified security features, alarm and surveillance systems, and safe storage and record keeping practices; requires firearm dealers to review and respond to trace requests within 24 hours; notify law enforcement of any loss, theft or unlawful transfer of a firearm within 24 hours; and provide an annual report to the attorney general. It mandates minimum insurance coverage requirements for firearm dealers and authorizes law enforcement agencies to investigate breaches of dealer licensing conditions. It maintains recordings of points of sale and areas where firearms are stored for a period of 90 days and all other required areas for a period of 45 days. The bill was delivered to the Governor on March 7.

[SSB 5444](#) prohibits individuals from openly carrying a weapon in public libraries, zoos or aquariums, and transit stations or transit facilities. The bill was delivered to the Governor on March 8.

[SSB 5985](#) updates statutes concerning firearms background checks to refer to the Washington State Patrol firearms background check program. The bill was delivered to the Governor on March 8.

#### *Further Support Related to Healthcare Protections*

[HB 1954](#) establishes that participation in reproductive health care services or gender-affirming treatment by health care providers, consistent with the standard of care in Washington, may not serve as the basis for professional discipline under the Uniform Disciplinary Act. The bill was signed by the Governor on March 7.

[SHB 2115](#) allows a health care provider who has prescribed an abortion medication to request that the prescription label for the medication include the prescribing and dispensing health care facility name, instead of the practitioner's name. The bill was delivered to the Governor on March 6.

## General Local Govt

[SB 5970](#) allows Thurston County to adopt an ordinance to reduce the number of county commissioners that are members of the local board of health. The bill was delivered to the Governor on March 7.

[HB 2022](#) requires a contractor to obtain a permit before performing any work involving the operation, assembly, disassembly, or reconfiguration of a tower crane. Local governments must develop permitting procedures that provide notice to residents and occupants in buildings within the work zone. The bill was delivered to the Governor on March 7.

[HB 2137](#) allows a Tourism Promotion Area's (TPA) legislative authority to designate an exemption to the TPA lodging charge to any lodging business, lodging unit, or lodging guest. The bill was delivered to the Governor on March 4.

[SB 6164](#) requires a local organization that produces a local comprehensive emergency management plan to include in the communication plan an expeditious notification of citizens at risk during a hazardous materials spill or release, and include the at least one public meeting. The bill was delivered to the Governor on March 8.

## Land Use/GMA

[SHB 2296](#) extends the next deadline for Clallam, Clark, Island, Jefferson, Lewis, Mason, San Juan, Skagit, Thurston, and Whatcom counties, and the cities within those counties, to review and revise their comprehensive plans from June 30, 2025, to December 31, 2025. The bill was signed by the Governor on March 7.

[SB 6120](#) permits cities, counties and towns to complete their own map of areas at greatest risk from wildfire for use in applying the International Wildland Urban Interface Code and requires DNR to develop and maintain a statewide wildfire hazard map and a base-level wildfire risk map in coordination with the State Fire Marshal. The bill was delivered to the Governor on March 8.

[SB 5834](#) authorizes a county to revise its urban growth area or areas during its annual review of proposed amendments to its comprehensive plan if the revised UGA meets certain criteria. The bill was delivered to the Governor on March 7.
