3. APPROVAL OF MINUTES

There was no quorum at the meeting.

[14-0152](#) Approval of December 15, 2013 Parks and Recreation Advisory Committee (PRAC) Meeting Minutes

The approval of minutes was postponed.

4. PUBLIC COMMENT

Mr. Steven Wellverer addressed the committee about public safety in the parks. In his recent visits to Madison Scenic, Harry Fain, Bigelow and Lions he has found condoms, liquor and syringes around the play equipment. He now makes it a practice to sweep through the playground area and even cone off areas before he allows his kids to play. He stated that use of the Olympia Woodland Trail has plummeted due to trash and needles. He has spoken before the City Council and is now asking PRAC to make a recommendation to Council to encourage action in addressing public safety in parks.

Mr. James Reddick reported that the Regional Meeting for the Advisory Committees was well attended. They are currently formatting the minutes and looking at next steps. He reported that a proposal by Mr. Jack Horton has been presented to the

Pathways Program for a connection trail from Gateway Trail to the Olympia Woodland Trail. Thurston County has recently made a 10% budget cut to specialized recreation for the next two years. He stated it is important for electeds and citizens to be more aware of the cuts to the program.

5. ANNOUNCEMENTS

Committee Member Benson stated that the recent Regional Park Board meeting was the best one she's attended, it was interesting and educational. The Evergreen State College group did a nice job facilitating.

6. BUSINESS ITEMS

Olympia Comprehensive Plan and Action Plan Status Update

Community Planning & Development Associate Planner Amy Buckler gave a presentation on the current status of the Comprehensive Plan Update. The public engagement process will be held in May/June. She highlighted a couple areas that would be related to parks:

Natural Environment: increase the tree canopy, reduce use of toxic materials

Land Use & Urban Design: protect historic views, encourage more urban green spaces, support urban ag and food security, public improvements consistent with active/healthy lifestyles. Ms. Buckler stated that at some point during the next months, they will look at the chapter title for parks which has received some negative feedback.

Mr. Dave Okerlund discussed the next step which is the implementation strategy used to measure and report progress.

Citywide Urban Forestry Management
