#### Project Short Description:

The Unocal Hulco Bulk Plant was a bulk fuel storage facility located at Percival Landing in Olympia, Washington. The site was listed on ECOLOGY'S Hazardous Sites List as Site ID No. 58484616. The City of Olympia completed the clean-up of the site under the Voluntary Cleanup Program No. SW1146 in 2011.

#### Project Long Description:

##### BACKGROUND

The former Unocal/Hulco Bulk Plant Site is located at 301 N Columbia Street in Olympia, Washington. The Site is bounded to the west by Budd Inlet, to the south by Olympia Avenue NW, to the east by N Columbia Street, and to the north by paved parking. The Site comprises Thurston County Tax Parcel Nos. 78507100200 (former Unocal property) and 78507100100 (former Hulco property), which are both currently owned by the City of Olympia (City). In addition, a portion of the Site along the shoreline is owned by the State of Washington and managed by the Department of Natural Resources. The Unocal Bulk Plant operated on the Site from about 1910 to 1993. The Hulco property was a bulk fuel storage facility operated by different companies, including Shell

Oil Company (Shell) and Atlantic Richfield Company (ARCO). The Shell/ARCO bulk plant operated from about 1924 to about 1980. The Site is owned by the City and is a part of Percival Landing Park (park).

The Site had a NFA from ECOLOGY dated October 10, 2003. During construction in 2010, additional soil contamination was encountered. The City of Olympia conducted an independent cleanup of the site. Contaminant was petroleum based and at depths between 6 and 10 feet below grade.

The City of Olympia submitted a RI/FS to ECOLOGY dated August 2012 by Anchor QEA, LLC. Ecology issued an Opinion letter, dated December 3, 2012. The City completed the required Environmental Covenant and received a no further action letter for the site from ECOLOGY, dated March 30, 2015

Overall Goal:

The City of Olympia completed environmental investigation and cleanup in accordance with environmental cleanup standards. The overall goal was to obtain a "No Further Action" letter from Department of Ecology for the site and to have the site removed from the 'List of Contaminated Sites' as maintained by Ecology. All of which has been accomplished.

Title: Local Toxics Control Act (LTCA)

Type: State

Funding Source %: 100%

Description: Remedial action grants and loans are provided to local governments in Washington State to facilitate the cleanup of publicly owned lands contaminated with hazardous substances. Grants or Loans offered include those for initial investigations, site hazard assessments, independent cleanups, cleanups conducted under order or consent decree, safe drinking water actions, areawide groundwater investigations, and integrated planning activities. The remedial action grant and loan program was created by the Model Toxics Control Act (MTCA), Chapter 70.105D RCW. MTCA directed Ecology to adopt rules for grant and loan issuance and performance. Those rules are in Chapter 173-322A WAC, Remedial Action Grants and Loans. Funds for remedial action grants and loans come from a tax on hazardous substances. MTCA directs 44% of the tax revenue into the Local Toxics Control Account (LTCA). Each biennium, the Legislature appropriates a portion of the funds in LTCA for remedial action grants and loans.

### a) For Cause

ECOLOGY may terminate for cause this Agreement with a seven (7) calendar days prior written notification to the RECIPIENT, at the sole discretion of ECOLOGY, for failing to perform an Agreement requirement or for a material breach of any term or condition. If this Agreement is so terminated, the parties shall be liable only for performance rendered or costs incurred in accordance with the terms of this Agreement prior to the effective date of termination.

Failure to Commence Work. ECOLOGY reserves the right to terminate this Agreement if RECIPIENT fails to commence work on the project funded within four (4) months after the effective date of this Agreement, or by any date mutually agreed upon in writing for commencement of work, or the time period defined within the Scope of Work.

Non-Performance. The obligation of ECOLOGY to the RECIPIENT is contingent upon satisfactory performance by the RECIPIENT of all of its obligations under this Agreement. In the event the RECIPIENT unjustifiably fails, in the opinion of ECOLOGY, to perform any obligation required of it by this Agreement, ECOLOGY may refuse to pay any further funds, terminate in whole or in part this Agreement, and exercise any other rights under this Agreement.

Despite the above, the RECIPIENT shall not be relieved of any liability to ECOLOGY for damages sustained by ECOLOGY and the State of Washington because of any breach of this Agreement by the RECIPIENT. ECOLOGY may withhold payments for the purpose of setoff until such time as the exact amount of damages due ECOLOGY from the RECIPIENT is determined.

If this Agreement is so terminated, the parties shall be liable only for performance rendered or costs incurred in accordance with the terms of this Agreement prior to the effective date of termination.

Non-Allocation of Funds. ECOLOGY's ability to make payments is contingent on availability of funding. In the event funding from state, federal or other sources is withdrawn, reduced, or limited in any way after the effective date and prior to the completion or expiration date of this agreement, ECOLOGY, at its sole discretion, may elect to terminate the agreement, in whole or part, or renegotiate the agreement, subject to new funding limitations or conditions. ECOLOGY may also elect to suspend performance of the agreement until ECOLOGY determines the funding insufficiency is resolved. ECOLOGY may exercise any of these options with no notification or restrictions.

If payments have been discontinued by ECOLOGY due to unavailable funds, the RECIPIENT shall not be obligated to repay monies which had been paid to the RECIPIENT prior to such termination.

RECIPIENT's obligation to continue or complete the work described in this Agreement shall be contingent upon availability of funds by the RECIPIENT's governing body.

### c) By Mutual Agreement

Nothing contained herein shall preclude ECOLOGY from demanding repayment of all funds paid to the RECIPIENT in accordance with Recovery of Funds, identified herein.

#### 28. THIRD PARTY BENEFICIARY

RECIPIENT shall ensure that in all subcontracts entered into by the RECIPIENT pursuant to this Agreement, the state of Washington is named as an express third party beneficiary of such subcontracts with full rights as such.

#### 29. WAIVER

Waiver of a default or breach of any provision of this Agreement is not a waiver of any subsequent default or breach, and will not be construed as a modification of the terms of this Agreement unless stated as such in writing by the authorized representative of ECOLOGY.
