

Capital Mall Walking Trail

Project Narrative

Capital Mall currently has a dedicated group of mall walkers that routinely use the interior of the mall for exercise and socialization. Mall management would like to create a walking trail around the perimeter of the mall property that can be used when the weather is nice. The trail would provide a safe and secure route that would utilize existing sidewalks and paving areas where possible. The trail will also include exercise stations, wayfinding signage and sitting areas with benches. A dog park is proposed near the Black Lake Blvd entry.
