Exhibit B
Offset to Fire Protection Costs
Lacey Fire District 3 use of City of Olympia, Olympia Fire Department Reserve
Ladder Truck

According to the records of the Olympia Fire Department Mechanic who maintains the Lacey Fire District 3 Ladder Truck, the Lacey vehicle was out of service being maintained and/or repaired 22 days in 2016.

Lacey's records report that the ladder truck responds on 4.2 calls per day and those responses take .45 hours each.

Based on those number the follow cost for use of the Olympia Ladder Truck is:

22 days x 4.2 calls hours per day x 4.2 calls per day x .45 hours per call = 36.96 hours of actual vehicle use.

Then,

36.96 hours x \$205.00 per hour (State Fire Chief's rate) = \$7,576.80

Olympia should be credited \$7,577.00 towards the cost of fire protection for Olympia owned assets being protected by and situated in Lacey Fire District 3.
