

PATRICK HARRON & ASSOC., LLC

Resume

Christian M. Cramer, P.E., PROJECT MANAGER

Education:

B.S., Civil Engineering, St. Martin's College, Lacey, WA

Registration:

Washington #41796

Christian M. Cramer is a Project Engineer for the firm of Patrick Harron & Associates, a planning and engineering consulting firm with offices in Tukwila and Lacey, Washington. Patrick Harron & Associates provides consulting services for a number of clients, both in the public and private sectors, throughout the Puget Sound area, primarily in Snohomish, King, Pierce and Thurston Counties, but ranging as far as Whatcom, Mason, Grays Harbor, Lewis and Pacific Counties. Patrick Harron & Associates' specialties include site planning and design, utility design, project management, and master planning.

Mr. Cramer has more than 16 years experience in the design of civil engineering projects ranging in scope from sub-divisions, multi-family developments, commercial developments and Municipality infrastructure projects in Western Washington. Each of these projects posed different design challenges such as working to protect critical areas in or around the site. In addition, Mr. Cramer represents his clients at public hearings and in meetings with the City or County staff.

Mr. Cramer's experience as a Project Engineer extends to projects of all sizes and complexities, such as:

- Residential Sub-Divisions
- Multi Family Developments
- Village Center Projects
- Commercial/Retail Shopping Centers
- Municipality Utility Construction
- Short and Long Plats
- Road Design and associated infrastructure (State, County and Private Roads)
