Application Deadline: 5:00 PM February 17th, 2017

PBIA Announces Phase Three of Collective Visions Mural Program

The PBIA Clean and Safe Committee is asking artists with skills in arts administration to submit proposals to create a mural project in Downtown Olympia. The project will include the placement of a mural on a privately owned wall in the Downtown core. Murals prevent graffiti while adding to our already diverse and expansive arts culture.

Mural Location

It is the responsibility of the artist to work with the local business/building community in the location selection process. The mural must be located within Downtown Olympia. Projects that promote youth empowerment and the inclusion of youth artists, and are located in areas that experience higher amounts of graffiti will be favored in the selection process.

Mural Theme

There is no required theme for the mural proposals. We want you to play to your strengths! Wow us with creative designs that take our downtown mural scene to the next level!

Since this is a publicly funded mural there are a few restrictions. Mural content cannot contain political or religious themes or promote the signage of existing private businesses.

Danielle Ruse, Personal Statement

My name is Danielle Ruse. I'm 35 years old and, but for a few brief intermissions, I've lived and worked in the downtown Olympia community for 12+ years. I currently own one business downtown, Olympia Workspace (or OlyWorks), a co-working office space that operates out of the Security Building on the corner of 4th and Washington. We have ten members—a few are non-profit directors, others are web developers—and a furnished public meeting space. In addition to owning OlyWorks, I manage Tiller Enterprises, a web design and consulting agency that operates out of the same building.

Professionally, I provide communications consulting, branding and social media direction for dozens of non-profits, small businesses, and city, state, and legislative agencies in Thurston County. In addition to this work, I serve as communications director and grant writer for NAMI Thurston-Mason, our local chapter of the National Alliance on Mental Illness.

Personally, I have a passion for literature and the arts, and have planned for numerous causes, spaces, and events in our community. I was a long-time bookseller and event planner at Orca Books (where I still lend a guiding hand from time to time), was the in-house publicist at K Records for many years, and am an avid participant at the Olympia Timberland Regional Library. I also served on the Board of the Olympia Film Society during the purchase of their now permanent home, The Capitol Theater.

I have managed a number of night-life establishments in our downtown as well, including Obsidian Olympia, the Brotherhood Lounge, the QB Lounge, and others. In short, I have definitely worn many hats in our community, and will continue to do so in the years to come.

As a resident and business owner, I am deeply invested in the health and future of Olympia's downtown, and believe I have a unique skill set and knowledge of our history that would prove most valuable to the PBIA board of directors.
