Parks • Arts • Recreation 2017 Performance Report

First game played on Stevens Field new synthetic infield - April 10, 2017

Olympia Parks, Arts and Recreation (OPARD) uses performance measures to determine and to communicate levels of success in delivering services to the community. This data-based approach measures whether the Department is meeting expectations in many different areas including park acres, park condition, recreation activities, and park asset management.

This report will:

- Highlight SIGNIFICANT ACCOMPLISHMENTS achieved throughout the year
- Track and report 44 DATA-BASED PERFORMANCE MEASUREMENTS broken down by Division.

OPARD AND THE ACTION PLAN

What is the Action Plan?

In 2014, the Olympia City Council adopted a new Comprehensive Plan with a vision for how our community will grow and develop over the next 20 years.

The Action Plan is our community's "road map," with strategies and actions for how we will achieve the community's vision, and indicators for tracking and reporting on our progress.

How does OPARD contribute to the Action Plan?

The Action Plan contains five Action Areas. OPARD's work contributes to these five action areas in many ways.

Community, Safety, & Health

- Inclusive, Respectful, Civic Participation
- A Safe & Prepared Community
- Health and Wellness
- Adequate Food and Shelter
- A Quality Education

OPARD's Contribution

We offer over 100 unique classes, programs and activities to help expand participant's horizons, hone an existing skill, discover hidden talents and meet personal wellness goals. Recreation programs build community, improve individual health, and support the local economy.

Downtown

- A Vibrant, Attractive Urban Destination
- A Safe and Welcoming Downtown for All
- A Mix of Urban Housing Options
- A Variety of Businesses
- Connections to Our Cultural& Historic Fabric
- Engaging Arts & Entertainment Experiences

OPARD's Contribution

Percival Landing and the Heritage Park Fountain are beloved downtown destination parks that help make Olympia's downtown an attractive destination. Investments in public art contribute to a creative, vibrant community. Olympia's bi-annual Arts Walk celebrates the arts as a defining characteristic of our community.

Economy

- Abundant Local Products and Services
- A Thriving Arts and Entertainment Industry
- Sustainable Quality Infrastructure
- A Stable Thriving Economy

OPARD's Contribution

The number of arts venues and special events represents the ability of this community to support arts events and businesses. Arts contribute to a vibrant quality of life along with high quality parks and public spaces. These areas draw tourists and support a desirable community where people want to live, work and play.

Neighborhoods

- Distinctive Places & Gathering Spaces
- Nearby Goods & Services
- Neighborhoods that are Engaged in Community Decision Making
- Safe and Welcoming Places to Live

OPARD's Contribution

Having a park or open space within a short distance from one's home provides a convenient place to exercise, take the kids to play, walk the dog, or experience a bit of nature within the city. It gives people an opportunity to visit their local park or open space without having to drive. Parks and open spaces serve as community gathering places, as well as contribute to a neighborhood's character and sense of place.

Environment

- Clean Water & Air
- A Daily Connection to Nature
- Preserved Quality Natural Areas
- A Toxin-Free Community
- A Waste-Free Culture

OPARD's Contribution

Parks provide important environmental benefits to the community. They provide vegetated areas for cleaning air and water and provide the opportunity for Olympians to have a daily connection to nature. In addition, many of Olympia's parks contain environmentally sensitive areas like wetlands and streams, which provide important habitat for wildlife.

PLANNING & DESIGN

Significant Accomplishments

- Installed Olympia's first synthetic infield (at Stevens Field).
- Constructed a new Rose Garden Shelter at Priest Point Park.
- Replaced the ballfield lights at Yauger Park and upgraded to LED.
- Refurbished Heritage Park Fountain.
- Completed ADA assessments of all parks and developed a facility transition plan.
- Resurfaced the tennis court at Friendly Grove Park.
- Hired an additional engineer.
- Completed acquisition of LBA Woods, acquired land near Karen Fraser Woodland Trail, and acquired additional land and a conservation easement at West Bay Woods.

Capital Assets Maintained

CAMP is responsible for maintaining the following infrastructure components of the Olympia Park System:

- * Buildings
- Restrooms *
- Picnic shelters *
- Sports courts and fields *
- Heritage Fountain *
- Roadways and parking areas
- Underground potable water, * sprinkler systems, stormwater utilities
- Trails

Olympia's park system consists of over 1,200 acres of park land and millions of dollars of park infrastructure. The purpose of the Capital Asset Management Program (CAMP) is to ensure that all park infrastructure is safe, available for public use, and attains its design life. This program employs a systematic, data-driven approach to inventory, assess, prioritize, budget, schedule, perform, and track the condition of park capital assets. In this program, capital assets include all park infrastructure components (except Percival Landing) with a value greater than \$5,000.

With voter approval of the Olympia Metropolitan Park District, funding for CAMP is targeted at \$750,000 per year. This stable and predictable funding source provides the foundation to schedule and make repairs.

The overall condition of the City's park system infrastructure is expressed in an annual Facility Condition Index (FCI). The FCI is determined by dividing the projected cost of system-wide repairs by the current replacement value.

2017 Completed Projects

LBA Park Spinner Net Replacement

Project Cost: \$6,600 Completion: April 2017

Bigelow Park Lighting Replacement

Project Cost: \$5,500 Completion: July 2017

Friendly Grove Tennis Court Resurfacing

Resurfaced the tennis court at Friendly Grove with an acrylic surfacer and painted new lines. This new surface improves playability as well as extends the life of the asphalt surface.

Project Cost: \$17,500 **Completion:** September 2017

Priest Point Park Restroom Improvements

Replaced the roofs on restrooms 1 and 3 at Priest Point Park. New roofs are 40 year asphalt composition roofs.

Project Cost: \$13,500 Completion: September 2017

Yauger Park Ballfield Lighting Replacement

Replaced ballfield lights on fields 2 and 3 at Yauger Park. Old lighting was the original lighting when the park was constructed in 1980. The lights were metal halide on wooden cross arms and poles. This project installed new steel poles, LED lights and all new wiring to the lights. The new LED lights will use less power and restore light intensity required for safe ballfield play.

Project Cost: \$583,000 Completion: December 2017

Priest Point Park Maintenance **Office** Remodel

Remodeled the interior of the Priest Point Park Maintenance Office to create one new office, additional storage closets and finish the back office hallway. This project included new carpeting, ceiling tiles, insulation and heating distribution ducts.

Project Cost: \$52,200 Completion: December 2017

Ellis Cove Trail **Evaluation &** Design

Hired a consultant to assess alternatives for repairing slope movement along the Ellis Cove Trail in Priest Point Park. An alternative was selected and the work was completed by the Washington Trails Association crew and City staff.

Project Cost: \$7,000 Completion: June 2017
