

# Managed Shelter Site(s)

## Plum Street Village

Managed shelter site(s) is just one of the innovative housing strategies the City of Olympia is implementing to respond to homelessness in our community. This outside the box strategy is designed to safely and efficiently get people off the streets and into a safe transitional housing option.

This fact sheet is provided to give you general information about the Plum Street Village site.

## Assisting Olympia's Homeless

The City has leased property and provided funding to LIHI to manage the Plum Street Village Site. The village will focus on assisting homeless adults and couples (without children) in Olympia. LIHI will engage and connect individuals to the services they need with the goal of placement in permanent housing.

## Shelter Framework

- The Village is an emergency temporary housing for individuals experiencing homelessness in our community
- It will house approximately 40+ individuals
- It will be 8x12' tiny houses
- It will have a day area, private meeting area, bathrooms, showers, laundry, community kitchen, garbage services, running water and power

## Location and Operation

- The site will be located in the vicinity of Plum and Union near the Lee Creighton Justice Center and Japanese Garden. See map on reverse
- The Village will be open 24/7 with site management, case management, security and connection to tailored services

## Next Steps

- The contractor LIHI will work closely with the surrounding community to ensure the village is a good neighbor
- The City understanding homelessness is a complex and frustrating issue for all, and we ask the community's patience. Together as a community we can work to address this deeply complex problem
