Re: City of Olympia 02/04/19 Public Hearing

We are frustrated parties of record for the Wellington Heights development application review and evaluation process. My neighbor Dan Leahy submitted a 1-30-19 email which clearly articulated several valid points to you for your deliberations, weighing of facts, and your ultimate decision, as Hearing Examiner.

Mr Leahy's 1-30-19 email explains why we are frustrated parties of record, and I know there are many more frustrated parties of record. We agree with all reasons explained in Mr. Leahy's 1-30-19 email why you will need to stop the current application and City of Olympia's staff SEPA MDNS from being approved and implemented.

Sincerely,

Linda Candan and Rick Hoonan
