#### **Background and Analysis:**

Initiative 940 requires that where the use of deadly force by a peace officer results in death, substantial bodily harm, or great bodily harm an independent investigation must be completed to help determine if the use of force met the appropriate good faith standard. The law also requires the formation of Independent Investigative Teams (IIT) to conduct investigations of police deadly force incidents. The IIT must include at least two non-law enforcement community representatives who operate completely independent of any involved agency.

To ensure the non-law enforcement community representatives are independent of any involved agency, City Council approved that the recruitment of Olympia's community representatives be conducted through the General Government Committee's regular boards and commissions recruitment process.

The General Government Committee will interview applicants to create a pool of six community representatives on the Police Use of Force Event Board.

The Interview schedule is attached. Applicants have been notified. Due to gathering restrictions under the COVID-19 pandemic, the interviews will be conducted over Zoom.
