

Dear City Of Olympia , Art Commission and other invested stake holders in the city,
I would like to donate my Current Sculpture on display to the city and remain in the collection presently, this sculpture will not be resold and be placed within the city limits on public display. I also give the city permission to remove it and store the sculpture while they find a site that suites the sculpture in public view. The sculpture is fabricated stainless steel so it will with stand any and all elements and will require very little care if any. I would like to thank you for the time and look forward to seeing it placed some place in public view. Jesse Swickard
