Narrative Puppyworld-Specialty Shop

Puppyworld will be a specialty shop (retail) selling pet supplies and pets, specifically puppies. Puppies will be housed in special enclosures that allow clean air, reduce noise level, and keep puppies safe.

Puppyworld will work closely with Joint Animal Control and the American Kennel Club to ensure puppies are healthy, happy, and safe. Unannounced inspections by both parties will take place to ensure the welfare of the puppies is not compromised. We also work closely with our veterinarian to ensure each puppy is examined and found to be healthy before time of sale, and to make sure puppies are healthy during their time with us.
