RE: Pre-Application for Land Use

To Whom it may concern:

I would like to schedule a Pre-App Conference Meeting with the City of Olympia Planning Department. J5 Infrastructure works on behalf of AT&T Wireless.

AT&T is proposing to build a 120' Tall Monopine Wireless Facility located at 2225 Cooper Point Rd SW Olympia, WA 98502.

The proposed Monopine is sitting behind a Storage Unit building that is approx. 30' height. The lease area going to be 15'x15' with the Equipment sitting at the base of the tower. This Tower is built for Colocations in the Future.
