PROJECT DESCRIPTION (please fill out the above table and provide general information below):

The project includes site improvements to King County Housing Authority's Casa Madrona Apartments area. The site improvements include installing additional parking stalls, coordinating tree removal, adjusting curbing, adjusting site grading, evaluation of the storm drainage and downspout collection system and repair to the existing retaining wall.

PLEASE NOTE:

You can expect more detailed feedback from City staff if you supply all the information requested above and on the following page.

PRESUBMISSION CONFERENCE REQUEST REQUIREMENTS

In addition to the content above, the following must be submitted electronically with two hard copies with each Presubmission conference request:

1. A preliminary site plan including, in a rough and approximate manner, all information required on the land use review application, including adjacent areas. (One plan 11" x 17" or smaller; and one electronic copy in a form acceptable to the City.)

See Site Plan included as Attachment A.

2. Vicinity map encompassing at least one square mile and not more than 20 square miles and showing site with respect to nearby streets and other features.

See Vicinity Map included as Attachment B.

3. Description of vehicular access and utilities to serve the project.

Access and utilities will remain the same.

4. Description and location of proposed stormwater system.

On-site retention/detention pipe, water quality filter CB and conveyance piping located under existing parking lot.

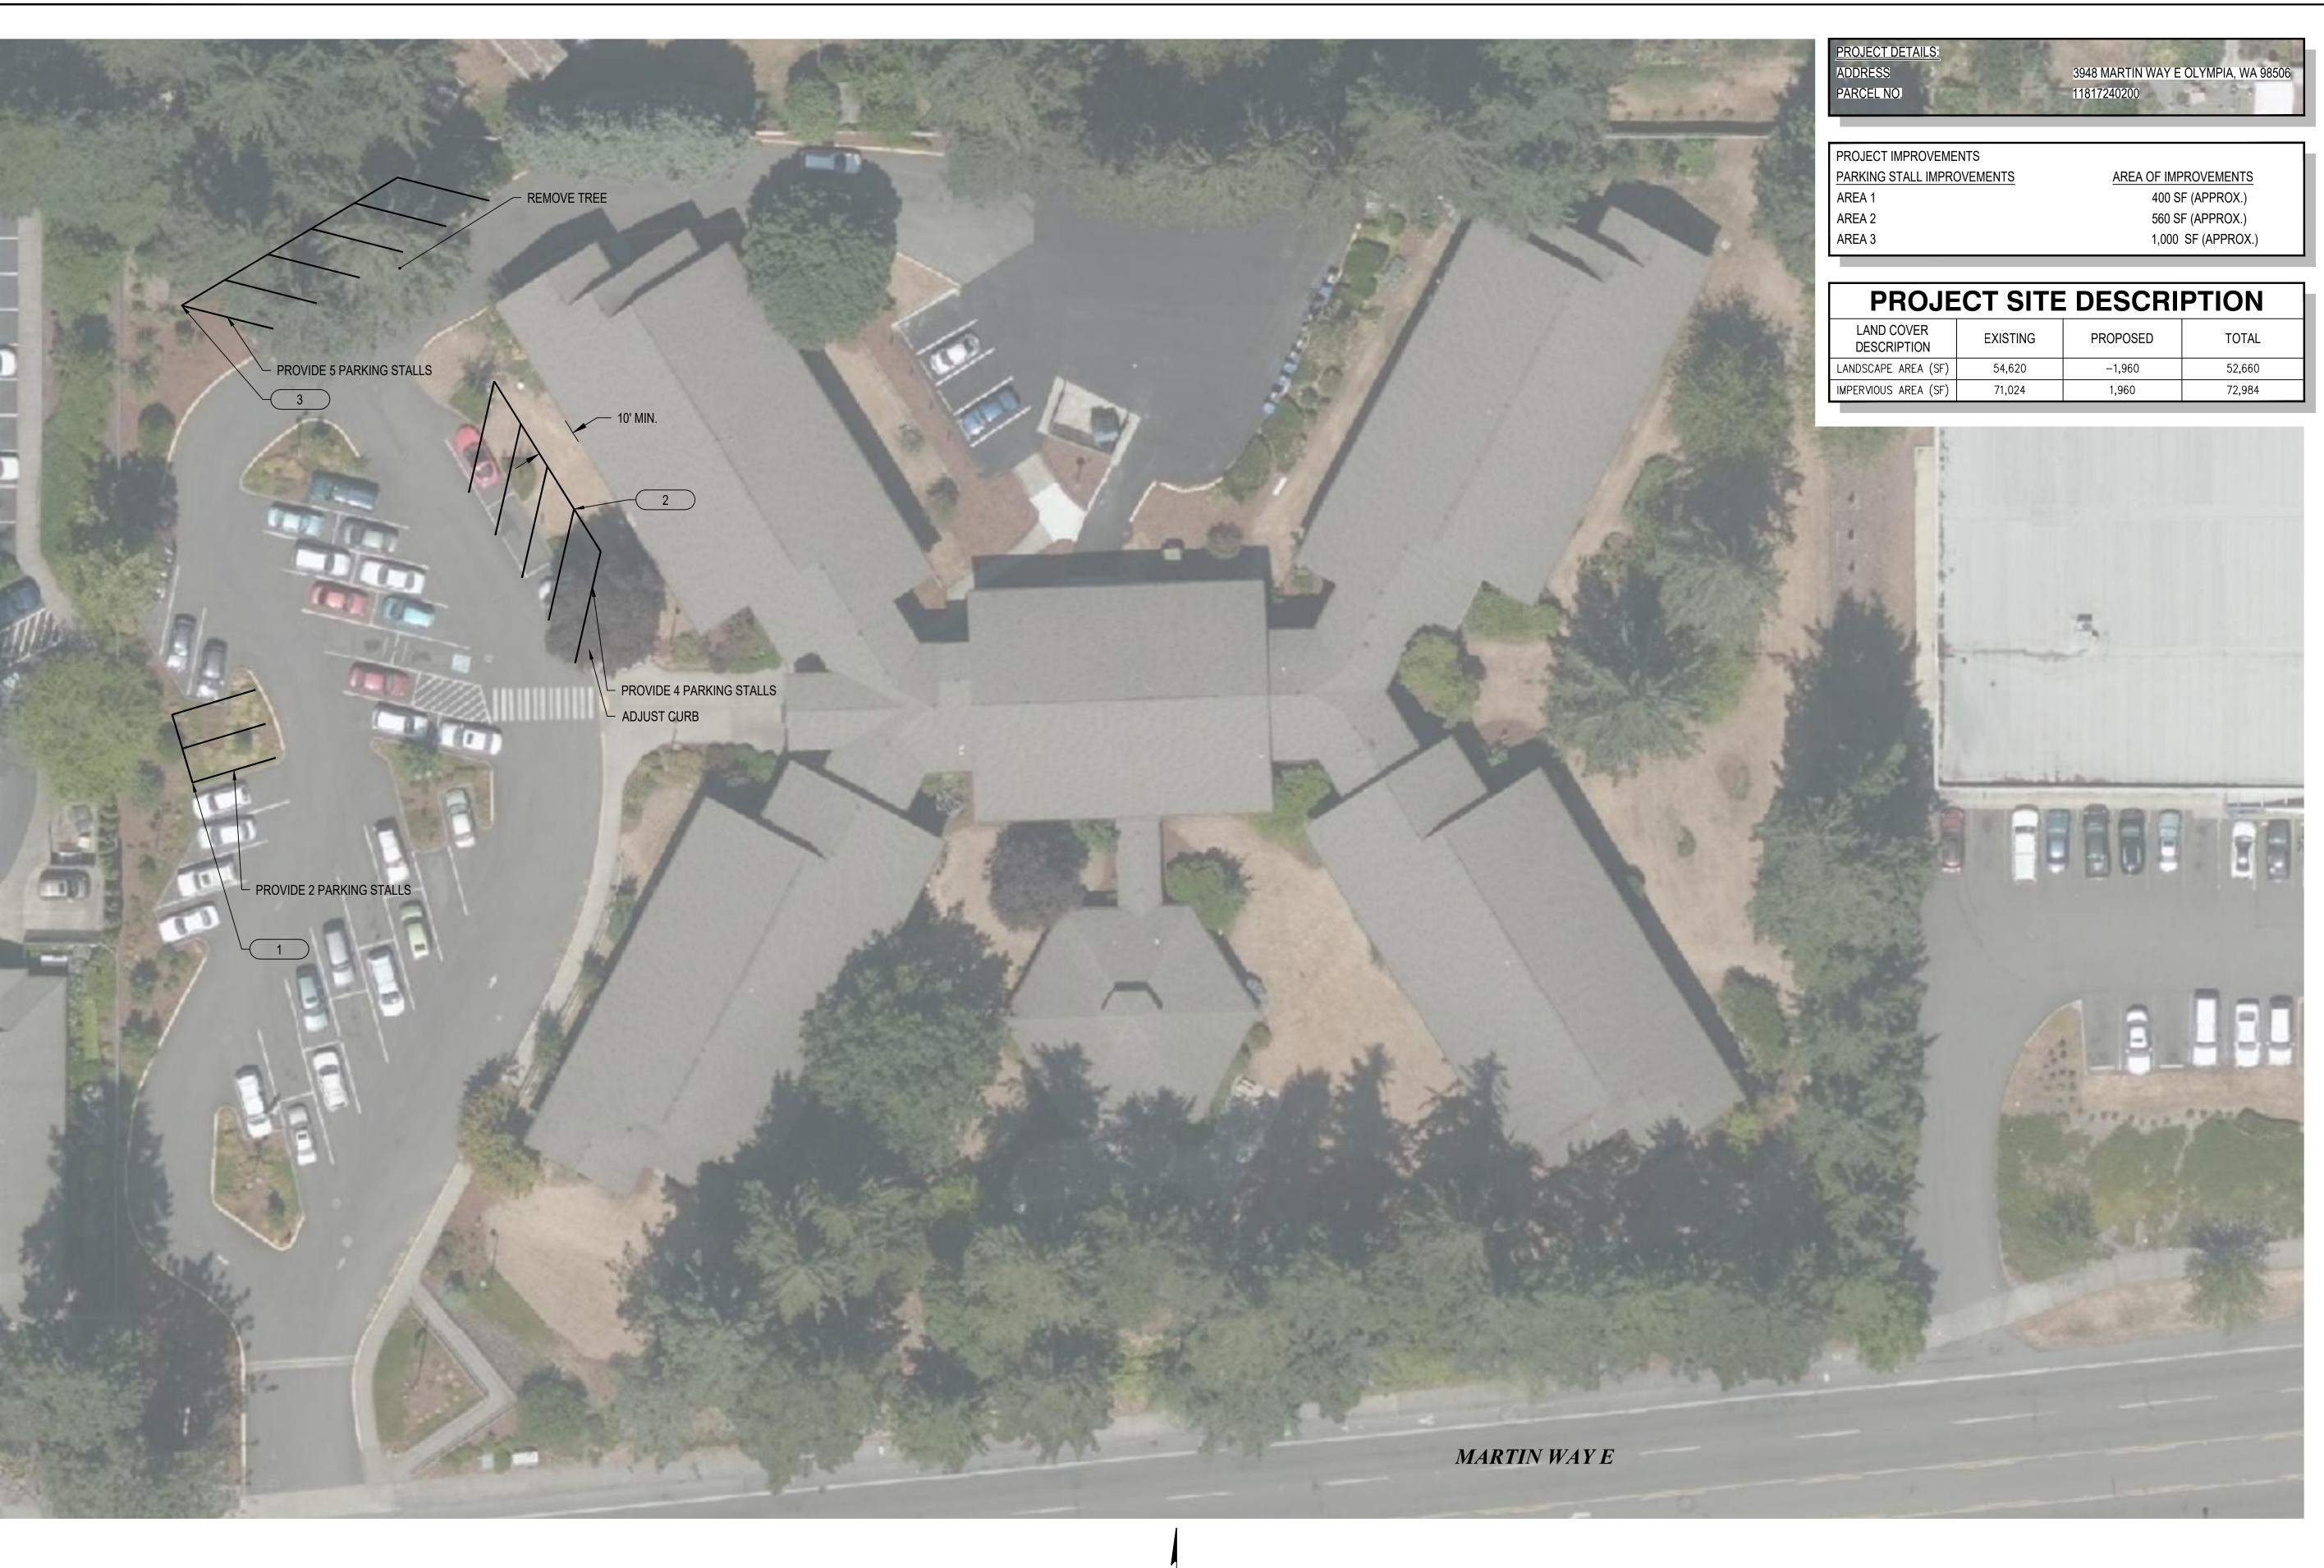

5. Summary calculation of both existing and proposed new and replaced hard surfaces, pollution generating hard surfaces, total impervious surfaces, vegetated pervious and cover, and retained natural vegetated areas for the project site.

See Attachment A for a summary of existing and proposed land cover for the project site.

This form has been approved for use by the Olympia Community Planning and Development (CPD) Department.
