Recreation

Olympia Parks, Arts and Recreation (OPARD) uses performance measures to determine and to communicate levels of success in delivering services to the community. This data-based approach measures whether the Department is meeting expectations in many different areas including park acres, park condition, recreation activities, and park asset management.

This report will:

- Highlight **SIGNIFICANT ACCOMPLISHMENTS** achieved throughout the year.
- Track and report **33 DATA-BASED PERFORMANCE MEASUREMENTS** broken down by Division.

OPARD's Core Focus: We enrich lives by connecting people with quality experiences.

OPARD AND THE ACTION PLAN

What is the Action Plan?

In 2014, the Olympia City Council adopted a new Comprehensive Plan with a vision for how our community will grow and develop over the next 20 years.

The Action Plan is our community's "road map," with strategies and actions for how we will achieve the community's vision, and indicators for tracking and reporting on our progress.

How does OPARD contribute to the Action Plan?

The Action Plan contains five Action Areas. OPARD's work contributes to these five action areas in many ways.

Community, Safety, & Health

- Inclusive, Respectful, Civic Participation
- A Safe & Prepared Community
- Health and Wellness
- Adequate Food and Shelter
- A Quality Education

OPARD's Contribution

We offer over 100 unique classes, programs and activities to help expand participant's horizons, hone an existing skill, discover hidden talents and meet personal wellness goals. Recreation programs build community, improve individual health, and support the local economy.

Downtown

- A Vibrant, Attractive Urban Destination
- A Safe and Welcoming Downtown for All
- A Mix of Urban Housing Options
- A Variety of Businesses
- Connections to Our Cultural & Historic Fabric
- Engaging Arts & Entertainment Experiences

OPARD's Contribution

Percival Landing and the Heritage Park Fountain are beloved downtown destination parks that help make Olympia's downtown an attractive destination. Investments in public art contribute to a creative, vibrant community. Olympia's bi-annual Arts Walk celebrates the arts as a defining characteristic of our community.

Economy

- Abundant Local Products and Services
- A Thriving Arts and Entertainment Industry
- Sustainable Quality Infrastructure
- A Stable Thriving Economy

OPARD's Contribution

The number of arts venues and special events represents the ability of this community to support arts events and businesses. Arts contribute to a vibrant quality of life along with high quality parks and public spaces. These areas draw tourists and support a desirable community where people want to live, work and play.

Neighborhoods

- Distinctive Places & Gathering Spaces
- Nearby Goods & Services
- Neighborhoods that are Engaged in Community Decision Making
- Safe and Welcoming Places to Live

OPARD's Contribution

Having a park or open space within a short distance from one's home provides a convenient place to exercise, take the kids to play, walk the dog, or experience a bit of nature within the city. It gives people an opportunity to visit their local park or open space without having to drive. Parks and open spaces serve as community gathering places, as well as contribute to a neighborhood's character and sense of place.

Environment

- Clean Water & Air
- A Daily Connection to Nature
- Preserved Quality Natural Areas
- A Toxin-Free Community
- A Waste-Free Culture

OPARD's Contribution

Parks provide important environmental benefits to the community. They provide vegetated areas for cleaning air and water and provide the opportunity for Olympians to have a daily connection to nature. In addition, many of Olympia's parks contain environmentally sensitive areas like wetlands and streams, which provide important habitat for wildlife.
