Hello again,

I have written several times in opposition to the above project.

I know it will fall on deaf ears, but after the recent letter from the City, I feel I must, once again, state my opposition.

As a longtime resident in Grasslake Village who owns a home on Craftsman Drive, the very last thing we want is for it to be opened up to through traffic. The streets are narrow, with parking allowed on one side, and opening it up to more traffic will decrease our property value by the extra traffic, noise, etc. It will diminish our quality of life.

I know no one cares about stuff like that, as money talks. But we, as a community care, but it seems no matter what we say or do, no one takes our position into consideration.

It's a sad state of affairs when money trumps people's enjoyment of life and the quiet enjoyment of their homes, which will be reduced by the aforementioned traffic increase, etc.

I have nothing else to say on this matter, as it is clear to me that the City has made their decision.
