Previous locations have included Wenatchee, Ocean Shores and Vancouver, among others; all sites are selected based on criteria that include proximity to extracurricular activities of interest to attendees and their guests.

6. Describe the prior success of your event/activity/facility in attracting tourists.

This will be the 27th Conference, which has a history of selecting locations across the State that will entice attendees to come and stay beyond the Conference dates because of interesting activities in the area. Past examples include Wenatchee (wine country), Ocean Shores (beaches), and urban locations such as Tacoma and Vancouver, offering nearby botanical gardens and intriguing cityscapes, etc. This approach has proven quite successful.

7. Describe you target tourist audience (location, demographics, etc.).

Master Gardeners in Washington State are the primary targeted group*. There are several thousand of these trained and certified volunteer community educators, serving in communities across the State. To maintain certification, Master Gardeners must log a certain amount of continuing education annually and the Conference offers a significant opportunity to complete this requirement. With experience marketing to this audience, we know that conference-goers appreciate and welcome travel to a place where they can not only gather together with other Master Gardeners, but can find a wlecoming and interesting atmosphere in the surrounding community. The Conference has created a winning formula of balancing days of education with optional and attractive extra-curricular events and attractions that appeal to attendees and entire other family members as well. Master Gardeners take advantage of pre-arranged activities and events on the days either side of the scheduled classes.

*Demographics: Based on quantitative responses to a national study reported in 2018, Master Gardener volunteers are primarily female, educated, retired, and of economic means; have a mean age of 64.8 years, and have served an average of 7.7 years (HortTecnology, April 2018)

8. Describe how you will promote your event/activity/facility to attract tourists.

The Conference marketing effort enjoys the benefit of having a proprietary target audience contact list with thousands of members, together with a marketing program that has been grown and enhanced, taking advantage of years of experience. In addition to traditional electronic avenues, the marketing plan includes live talks and webinars given to Master Gardener county groups across the state in the months leading up to opening of registration in late Spring. Promotion has already begun with dates and location announced. By early 2022 the full program and registration information will be available on our website mglearns.org. We have learned that the more you advertise the attractiveness of the location, the higher the number of spouses/family members join their Master Gardener attendee for the days during and on the should of the Conference days and events.

9. Describe how you will promote lodging establishments, restaurants, and businesses located <u>in the</u> City of Olympia.

Our Conference meeting space, catering and lodging partner is the Olympia Hotel & Conference Center, and we will be prominently displaying this venue on our website. By the end of 2021, this promotion will be replicated via our FB page and across the County Master Gardener webpages in the State. In our marketing we have a significant amount of language promoting Olympia itself including Washington State Capital images and references. The city of Olympia was chosen during our intensive site selection process in large part because of what this area has to offer. It should be noted that historically some Conference attendees choose local alternatives for housing, such as B&Bs and VRBOs. We expect to have a post-conference survey section devoted to learning more about this dynamic.

10.	. Are you applying for Lodging Tax funds from another community (yes or no)? If yes, list the other
	jurisdiction(s) and amount(s) requested.
No	

. . .

11. What is the overall budget for your event/activity/facility? What percent of the budget are you requesting from Olympia Lodging Tax Fund?

\$68,577.00. The \$2500.00 represents 3.64% of our total expenses budget.

12. What will you cut from your proposal or do differently if full funding for your request is not available or recommended? [NOTE: Please be thorough with your answer. In balancing the number of requests with limited funds available, the Lodging Tax Advisory Committee relies on this information for decision-making.]

The net revenues garnered from one year's conference are essential to support the following year's Conference as seed money. To account for a budgetary shortfall, we will scale back our extra curricular tours and Thurston County exploration opportunities. These tours are compelling draws for our attendees to include their families during their stay in Olympia, thus swelling the tourist numbers during the conference.

13. Describe your plan to modify your event or request to comply with CoVID compliance requirements such as social distancing should they still be in place at the time of your event?

The Conference planning committee will have a plan in place to conduct this conference as an on-line event should it be deemed that an in-person attendance in late September 2022 be ill-advised. A special task force group within the Master Gardener Foundation conference planning committee has previously planned and is executing this contingency for our 2021 Advanced Education Conference scheduled for late September.

An in-person event will be fully compliant will all guidelines in place within the State at the time of the conference to include masking indoors, social distancing, and other guidelines as written. NOTE: If it becomes necessary to use this contingency plan for the 2022 Advanced Education Conference, the decision will be made prior to opening our April registration process. Any LTAC funds received/anticipated would be returned/declined.
