**A. Context Plan:** Approve as proposed.

**C. Building Design:** Approve with the following conditions:

1. Provide additional directional and safety devices in the interior parking lot, such as clear directional signage or graphic markings on the pavement, that point pedestrians to the retail spaces along State Avenue and alert or direct pedestrians and residents to service areas and active service vehicles. *OMC 18.110.030.*
2. Overhead canopy coverage along State Avenue shall be provided to the fullest extent possible, including over window openings and above bicycle parking spaces. *OMC 18.110.080.*
