## 6. BUSINESS ITEMS

### [19-0001](#) Sea Level Rise Response Planning

Mr. Haub and Ms. Clark briefed the UAC on the draft Sea Level Rise Response Plan. City staff mailed a hard copy of the draft plan to UAC members in early December for their review. The review period for the public is open through January 25.

**The UAC discussed the draft plan and will incorporate their comments and support into a letter to the City Council.**

### [19-0002](#) 2019 Wastewater Management Plan

Ms. Clark, Ms. Utter, and Mr. Swartout provided the briefing.

UAC members asked clarifying questions and thanked staff for the briefing. Staff will return to the UAC in spring 2019 requesting a letter of support for the Wastewater Management Plan. City Council will adopt the plan in the fall of 2019.

**The discussion was completed.**

### [19-0003](#) Development of Utility Advisory Committee 2019-2020 Work Plan

Mr. Haub presented the draft UAC 2019-2020 work plan.

Staff and UAC discussed the items on the work plan. UAC members suggested adding an update on the progress of the Sea Level Rise Response Plan and an update on the City's recycling program. Staff will incorporate these changes into a revised draft work plan. At the February meeting, the Committee will review the revised draft 2019-2020 work plan and will elect UAC officers (Chair and Vice Chair).

Mr. Haub also informed the UAC that the City Council General Government Committee changed the process for reviewing applications for prospective advisory committee members. Each committee Chair and Vice Chair will now review the applications and then make recommendations on whom the General Government Committee should consider and interview. Mr. Haub noted the UAC would need to make a formal motion to approve the UAC Chair Haffner-Ratliffe and Vice Chair Buffo to review the applications on the UAC's behalf.

## 7. ADJOURNMENT

Vice Chair Buffo adjourned the meeting.
