Background and Analysis:

On May 16, 2011 the City entered into a one-year professional services agreement with R.W. Droll for writing a master plan for Ward Lake Park. The original contract amount was \$280,863. The original scope of work included an environmental baseline inventory, site analysis, master plan, 30% completion plans of master plan and a phase 1 site/grading plan. Amendment #1 was \$7,700 for water quality monitoring and an additional analysis of shoreline access options. Amendment #2 was \$10,116 for a photo-simulation, an exhibit map for the Washington Recreation and Conservation Office, and an analysis of a narrower trail option. This third contract amendment is in the amount of \$10,238 to provide a maintenance management plan, addition survey work, and an analysis of mitigation opportunities. This would result in a new total contract amount of \$308,917.

Options:

Type: contract **Version:** 1 **Status:** Passed

1. Authorize Amendment #3 to Professional Services Agreement for Landscape Architecture Services
2. Do not authorize Amendment #3 to Professional Services Agreement for Landscape Architecture Services

Financial Impact:

Authorizing this amendment will result in an additional \$10,238 spent on this professional services agreement. There are sufficient funds for this expense in this project account.
