Background and Analysis:

The State Auditor requires that legislative bodies establish petty cash and change funds for their entities. In June 1994, the City Council authorized by resolution M-1381 petty cash and change funds not to exceed \$5,000. During the audit by the State Auditor's Office this year, the auditor recommended that the Council approve each petty cash and change amount rather than having a blanket authorization. The attached resolution would approve existing petty cash and change funds. The total is \$4,535.
