

City Council

Approval of Interlocal Agreement with the State of Minnesota for Jail Medical Supplies

Agenda Date: 12/11/2012
Agenda Item Number: 4.F
File Number: 12-0770

Type: decision **Version:** 1 **Status:** Passed

Agenda Item:

Approval of Interlocal Agreement with the State of Minnesota for Jail Medical Supplies

Issue:

Approval of Interlocal Agreement with the State of Minnesota for Jail Medical Supplies

Committee Recommendation:

Not reviewed by a Committee.

City Manager's Recommendation:

Move to approve the interlocal agreement and authorize the mayor to sign for the City.

Staff Contact:

Laura Wohl, Administrative Services Manager, OPD, 360.753.8214

Presenter(s):

None - Consent item

Background and Analysis:

The City of Olympia Jail must supply necessary medical care to those who are detained. In addition, vaccines may be given in order to avoid the spread of viruses amongst the jail community and jails staff. The Minnesota Multistate Contracting Alliance for Pharmacy, which is administered by the State of Minnesota, has contracted with vendors to provide the supplies our jail routinely uses for a very attractive price. This agreement allows the City of Olympia to buy vaccines, medical supplies, and over-the-counter medications from the Alliance, similar to the City buying various items under State of Washington contracts. The City is not obligated to buy materials under the Alliance contract.

Neighborhood/Community Interests (if known):

None known.

Options:

1. Authorize the interlocal agreement amendment
2. Decline authority to sign interlocal agreement amendment

Type: decision **Version:** 1 **Status:** Passed

Financial Impact:

The Jail currently budgets \$2,000 for medical supplies that would be covered under this contract. Exact savings depend on the items purchased. In many cases, the Alliance contract price is up to 50% less than buying from the vendor directly.
