Background and Analysis:

CPD presented a three-year work program at the January 2014 City Council retreat. The work program consists of two parts:

1. Annual Baseline (i.e., on-going services and programs)
2. 'Discretionary' Planning Projects

Updated versions of these two parts are included in the attachments. Some work items have been completed or delayed based on City Council direction or City partners' schedule changes. Other items are added due to changes to state rules or for consistency with city processes. Staff will review the adjustments made to the CPD work program to fit these changes within existing staff resources.

Neighborhood/Community Interests (if known):

There is substantial community interest in many of the items on the work program. Community outreach is included in each project, as appropriate.

Options:

Status update only - no action required at this time

Financial Impact:

This three-year work program is designed specifically to fit within existing budget and staffing resources for Community Planning and Development Department.
