Background and Analysis:

On August 16, 2016, the City Council approved an Option to Purchase Real Estate from Jill Floberg for 1.61-acres located on west side of West Bay Dr. between the east terminus of Farwell Ave and West Bay Dr.; Assessor's Parcel No. 09510032000 (see attachment titled Property Location Map). A payment of \$15,750 was made to secure the Option.

The total acquisition price is \$210,000. The balance remaining is \$194,250 and needs to be paid prior to December 31, 2017.

The City desires to purchase this parcel to expand its inventory of passive open space and wildlife habitat to protect the existing heron rookery. In addition to habitat preservation, acquisition of this parcel would provide good opportunities for people to experience nature in their neighborhood and important trail connections from the neighborhood down to West Bay Drive and West Bay Park.

A 2015 Random Sample Survey of 759 respondents, conducted for the upcoming 2016 Parks, Arts and Recreation Plan, indicated that “trails” and “natural open space” were the highest priority for new projects.

In late 2015, Olympia Coalition for Ecosystems Preservation (OlyEcosystems) purchased a 4.5 acre site located near the intersection of Rogers St. NW and Dickinson Ave. NW. This site is of particular value as wildlife habitat because it is some of the last breeding and nesting habitat for the Pacific great blue heron (*Ardea herodias fannini*) found within Olympia city limits. OlyEcosystems has since partnered with the City to identify other priority parcels for conservation in this area. One of those is the Floberg Parcel.

In 2016, the City contracted with Forterra to produce a West Bay Conservation Strategy which identified concepts for the development of a green belt and passive recreation corridor in West Olympia. The strategy identifies the West Bay Woods as a unique conservation opportunity within an urban area. The streams and springs that flow into Budd Inlet from West Bay Woods are protected by the forest.

Neighborhood/Community Interests (if known):

In 2015, a series of 8 neighborhood meetings with a total of 160 participants were conducted to provide input for the 2016 Parks, Arts and Recreation Plan. The most dominant themes of these meetings were:

- Acquire land in general while it is available; and
- Buy open space/natural areas - provide nearby access to nature

Options:

1. Approve the resolution authorizing exercise of the option to purchase real estate owned by Jill Floberg and purchase the property.
2. Do not approve the resolution authorizing exercise of the option to purchase real estate owned by Jill Floberg and purchase the property. .
3. Direct staff to seek other options to satisfy the City’s need for open space acreage.

Financial Impact:

The previous option payment was made with Open Space Impact Fees appropriated in the 2016 Capital Facilities Plan for the purpose of land acquisition. This next payment will be made using Bond Anticipation Note (BAN) funds. The City has also applied for a Recreation and Conservation Office (RCO) grant under a Waiver of Retroactivity.
