Title

Downtown Parking Strategy Briefing

Recommended Action

Information only. No action requested.

Report

Issue:

Briefing on the Downtown Parking Strategy, which is currently underway.

Staff Contact:

Debbie Sullivan, Deputy Director, Public Works, 360.753.8494

Presenter(s):

Debbie Sullivan

Background and Analysis:

The Parking Strategy is one of the ways in which the City will implement the now-complete Downtown Strategy.

The Parking Strategy includes five steps:

- A review of the current parking system, complete
- Field data collection, complete
- Public involvement, ongoing
- Comprehensive parking strategy, expected September 2017
- Park +, a scenario planning model tool

Members of the BPAC were invited to attend the Parking Strategy Open House on July 13th. At this meeting, Debbie Sullivan will brief the committee on the status of the Strategy so far and what to expect as it moves forward. Please come prepared with your questions and comments.

Options:

None - information only

Type: report **Version:** 1 **Status:** Filed

Financial Impact:

The Parking Strategy cost \$167,557 and was funded through parking revenue.
