Background and Analysis:

Each year the Planning Commission proposes an annual work plan. It is reviewed by the Council General Government Committee and ultimately approved by City Council.

Items considered for inclusion can come from individual Commissioners or city staff. Last year, staff recommendations included items in the previous year's program that were not completed, items included in the upcoming work program of the Community Planning and Development Department, and related work of other Advisory Boards and Commissions.

Later this year staff will bring a proposed work plan to the Commission for review and consideration. Staff requests the Commissioners begin thinking about potential work items to be included.

Neighborhood/Community Interests (if known):

Much of the work of the Planning Commission is of interest to Neighborhoods and community members. However, to date there has not been specific comment about what should be included in the Commission's work plan for 2018 - 2019.
