Staff Contact:

Andy Haub, Water Resources Director, 360.753.8475

Background and Analysis:

The sea level rise response plan is a key UAC work plan item for 2018. In preparation for moving into the development of potential response strategies this spring, staff will provide a summary of comments and perspectives received during the recent public and elected officials meetings as well as responses to the online sea rise survey. We will discuss next steps in the planning process.
