Background and Analysis:

In 2016, the City purchased one property and secured an option to purchase a second property totaling 2.8 acres in an area known as "West Bay Woods". RCO allows jurisdictions to apply for acquisition grants after a property is purchased under a "Waiver of Retroactivity." The City applied for a grant for this acquisition and received the grant award with the passage of the capital budget by the State Legislature, in March of this year.

The grant requires a minimum of 50% matching funds which the City has already spent acquiring the property. The Long Term Obligation of the agreement requires a deed of right be placed on the property assuring that it be available for public recreation in perpetuity.

Neighborhood/Community Interests (if known):

The City received letters of support for this acquisition from five community organizations: Yes on Parks, the PARC Foundation of Thurston County, the Olympia Parks and Recreation Advisory Committee, Olympia Coalition for Ecosystem Preservation and the Woodland Trail Greenway Association.

Options:

Move to approve the resolution for the grant agreement with Washington State Recreation and Conservation Office (RCO) for the West Bay Woods acquisition reimbursement, in the amount of \$164,927, and authorize the City Manager to execute the agreement.

Do not move to approve the resolution for the grant agreement with Washington State Recreation and Conservation Office (RCO) for the West Bay Woods acquisition reimbursement, in the amount of \$164,927, and authorize the City Manager to execute the agreement. The City would not receive a partial reimbursement for this park acquisition.

Financial Impact:

Approving this resolution would allow the City to receive a \$164,927 reimbursement of funds that were used to acquire the West Bay Woods property.
