Title

Downtown Streets Projects briefing

Recommended Action

Information only. No action requested.

Report

Issue:

A brief update on the downtown streets projects

Staff Contact:

Sophie Stimson, Senior Planner, Public Works | Transportation, 360.753.8497

Presenter(s):

Sophie Stimson

Background and Analysis:

The City is planning to improve four downtown streets: two in the short-term and two in the long-term. In recent months, City staff has been sharing the design concepts for all four streets with members of the public. We will tell the Committee what people have said about the design concepts so far.

We expect to move forward in 2019/2020 with construction on Legion Way and Franklin Street, the two short-term projects.

For the two long-term projects, Capitol Way and Washington Street, we will continue to refine the design concepts and develop a funding strategy. We expect that construction on those streets will begin after 2020.

Options:

None - briefing only

Financial Impact:

Street Repair and Reconstruction funding is available to complete Legion Way and Franklin Street. We are also pursuing grant funding.
