Agenda Date: 11/7/2019
Agenda Item Number: 4.A
File Number: 19-0887

Type: discussion **Version:** 1 **Status:** Filed

Title

Olympia Design Review: Process and Administration

Report

Staff Contact:

Catherine McCoy, Associate Planner, 360.753.8649

Project Description:

The Design Review Board will examine the process and administration of design review pursuant to OMC 18.76 and OMC 18.100. The purpose is to identify gaps or kinks in project review and administration, and design a flowchart that illustrates the sequencing of design review for our customers, Board members, staff and other users. Additionally, the exercise will further educate new Board members as to their (and staff's) roles and responsibilities.

Public Notification:

A press release and notification of the public meeting was mailed to interested parties on October 4, 2019.
