**Background and Analysis:**

In past years (2010 and 2015), OPARD distributed a survey for PRAC members to share their reflections and experience with serving as a PRAC member. These reflections and feedback can help inform changes or adjustments to help the Committee function more effectively. In an effort to continually learn and improve, the Chair will facilitate a discussion around the questions included on the attached member survey. For those interested, paper copies will also be available for members to take home, fill out, and submit at the next meeting. Any steps to execute suggested changes for improvement will be discussed prior to implementing changes as new board members join PRAC in April.
