NPDES Annual Report

Agenda Date: 3/5/2020
Agenda Item Number:
File Number:20-0202

Type: information **Version:** 1 **Status:** Filed

Title

NPDES Annual Report

Recommended Action

Review and provide input.

Report

Issue:

UAC review of the 2019 NPDES Annual Report and the 2020 Stormwater Management Program Plan Update.

Staff Contact:

Jeremy Graham, Associate Planner, 360.753.8097

Presenter:

Jeremy Graham

Background and Analysis:

Each March, the City submits an annual report and update of its stormwater management plan to the State Department of Ecology. The UAC is designated as the City's citizen review element of the submittal process.

The City stormwater program is regulated under the State's National Pollutant Discharge Elimination System (NPDES) Municipal Phase II Stormwater Permit. The NPDES permit requires local jurisdictions to develop effective stormwater management programs. Staff will provide the UAC with brief overviews of the required 2019 NPDES Annual Report and 2020 Stormwater Management Plan. The City's stormwater program is consistently in compliance with State expectations.

The attached 2020 Stormwater Management Program Plan is still in draft format with minor changes planned prior to submittal by March 31, 2020.

Neighborhood/Community Interests (if known):

None known.
