#### **Background and Analysis:**

At the request of City Council, each city advisory committee forwards a recommended Work Plan to City Council early in the calendar year. Advisory committee annual work plans are effective April 1 through March 31.

The Council-approved work plan establishes a set of tasks for PRAC during the twelve-month period. The Chair then coordinates with the staff liaison to establish a general calendar and agendas for each meeting. Note that during the course of a year it is possible for the Council to add new items to the work plan.

This year, in light of the COVID-19 pandemic, Council's General Government Committee has asked advisory committees to revisit their work plans and prioritize their work based on the following three-tiered approach:

**TIER 1:** Any new work plan items that relate or seize on opportunities and/or learnings related to the COVID-19 emergency.

**TIER 2:** Any items currently on the work plan that support the City's recovery from the COVID-19 emergency.

**TIER 3:** Any items that are critical to advancing City Council priorities, as follows:

- Homeless Response Plan/Implementation
- Regional Climate Mitigation Plan
- Transportation Master Plan
- Parks Plan
- Yelm Highway Master Plan
- SE Annexation
- Housing Options (1923)
- Fire Regionalization
- Economic Development
