Background and Analysis:

Since 1993 the City of Olympia has billed the State for Fire Protection services. This billing is allowed per RCW 35.21.779. The RCW stipulates that when the estimated value of state facilities sited in a municipality equals 10 percent or more of that municipality's total assessed valuation, state agencies owning those facilities shall enter into a compulsory fire protection contract with the municipality to provide an equitable share of the fire protection costs. State of Washington properties in Olympia,

including the Washington State Consolidated Technology Services (WaTech) at 1500 Jefferson, do total to an assessed value of more than 10 percent. The 1500 Jefferson building is included in the calculation used to determine the amount of State property in the City. The remainder of the Department of Enterprise Services buildings and their fire protection agreement is a separate action.

The building at 1500 Jefferson, occupied by WaTech, chooses to negotiate separately from Department of Enterprise Services for their building(s) on the Capitol Campus.

The amount of the WaTech contract for the 2020-2021 fiscal year is \$100,000.00. This reflects an approximately 10 percent increase from the previous contract.

Options:

1. Approve the resolution authorizing the Interlocal Agreement: Accept the terms of the Interlocal Agreement and authorize the City Manager to sign the agreement.
2. Do not approve the resolution authorizing the Interlocal Agreement and send it back to staff. Expected revenues for the 2020 to 2021 fiscal year from the State may not be collected as anticipated.

Financial Impact:

The City will receive \$100,000.00 from WaTech during the 2020-2021 fiscal year. Additionally, under a separate contract, the City will receive funding from Washington State Department of Enterprise Services, for building(s) also on the State Campus.
