**Presenter(s):**

Max DeJarnatt, Senior Program Specialist

**Background and Analysis:**

The PBIA advisory board has expressed interest in updating OMC 3.62 and its Bylaws. In its September meeting, the board established a scope of the desired changes. Staff recommended to break the changes into two phases, with the first comprising necessary but uncomplicated updates (attached). The second phase, which could include changes to the assessment rate and schedule, would require more staff resources than currently assigned to support of the program (Staff will confer with city leadership for direction).
