Capital High School Master Plan, 2707 Conger Ave NW , 20-2966

#### **Report**

##### **Project Information:**

A Master Sign Plan for Capital High School has been proposed as a result of the recent expansion of the new Performing Arts Center (PAC). Traffic flow and parking around the new PAC has been revised which necessitates new signage on the campus. The intent of the plan is to make the campus easier to navigate and more welcoming. Proposed signage includes entrance signage, internal directional signage, building identification signage, and a new electronic reader board along Conger Avenue. The existing reader board sign will be removed. The master sign plan includes details for an overall design of signage that promotes school spirit and community pride. Graphics to promote school spirit are proposed to be added to the school building at key locations.
